All seasons are for study

Study goes on by all people during all seasons. In the spring, there is the study of nature in the budding of plants and the sight of birds and small animals which had seemed to disappear for many long months. During the summer, we educate our physical selves with the summer sports of swimming, tennis, softball, and the popular activity of bicycling. Then comes the fall, when books are opened for another year. With the winter snows, come the settling in for the work and pleasures of school life. Whether it is formal learning during the school year, or the learning of life and nature in the off-school hours, students at Lexington have found that all seasons are for study.

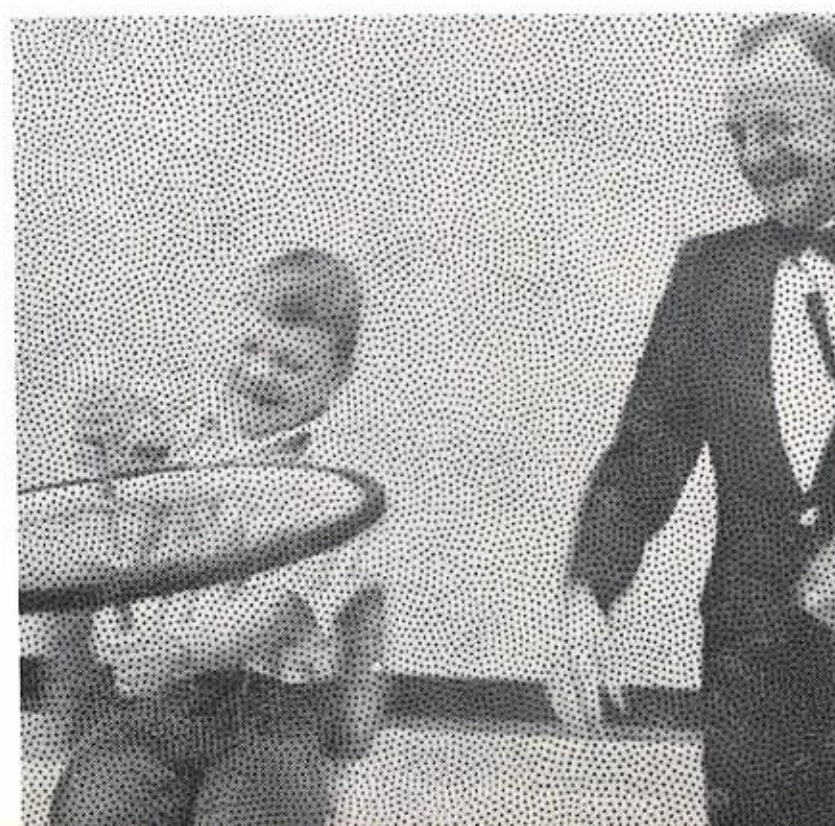

All seasons are for participation

For all of us, 1973-74 was a fast-moving school year. This is mainly due to the fact that Lexington offers a broad range of clubs and activities in which to participate. In the spring, there is track, tennis, and golf, not to mention the music contests, the junior-senior prom, commencement and all of the other activities that make up spring in our school. In the summer, we take off on adventures on our own. Whether these adventures are experienced here or thousands of miles away, we learn from them. The fall brings us a new school year, football, clubs to join, and countless new activities. Basketball, a winter sports festival, wrestling, snow days, Christmas, and volleyball keep the winter moving. In our busy school, we have learned that participation is for all seasons.

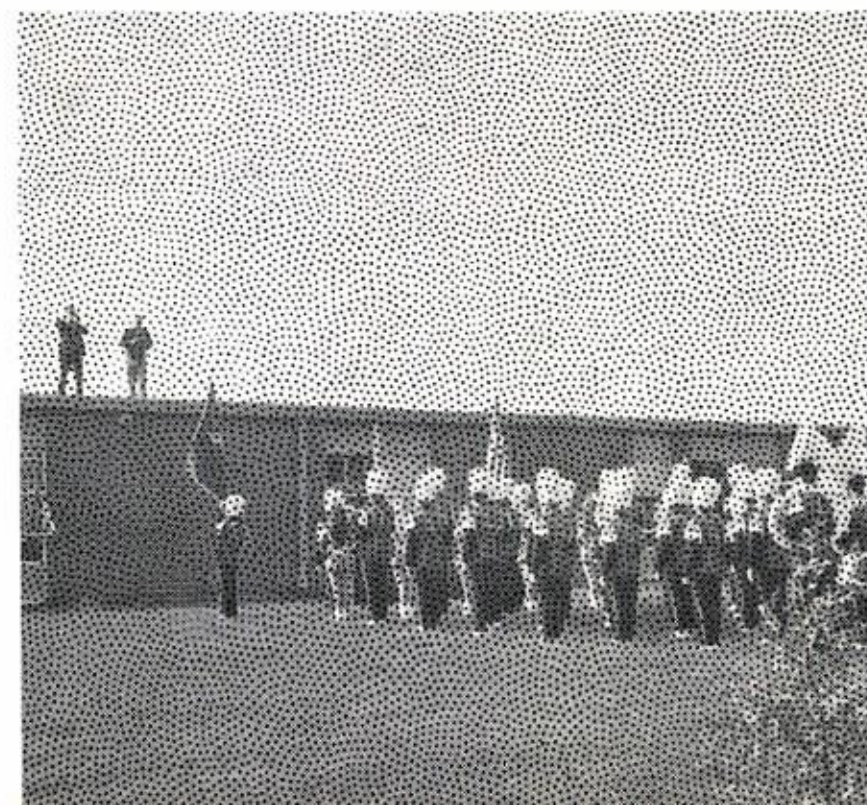

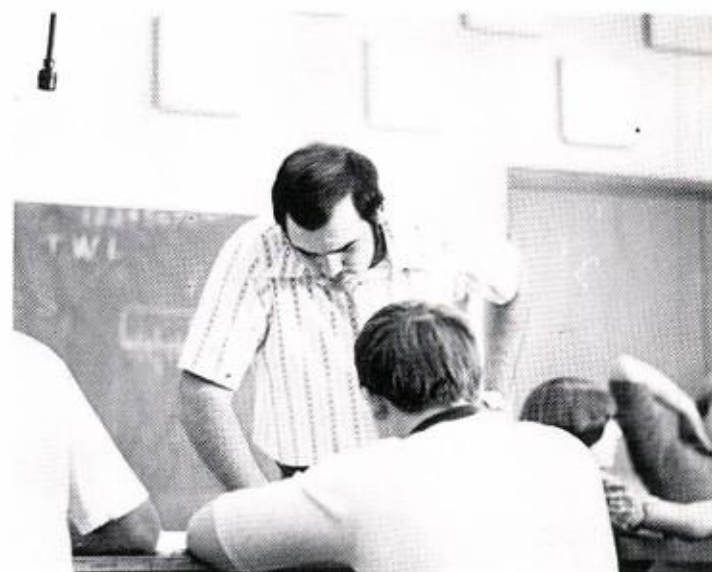

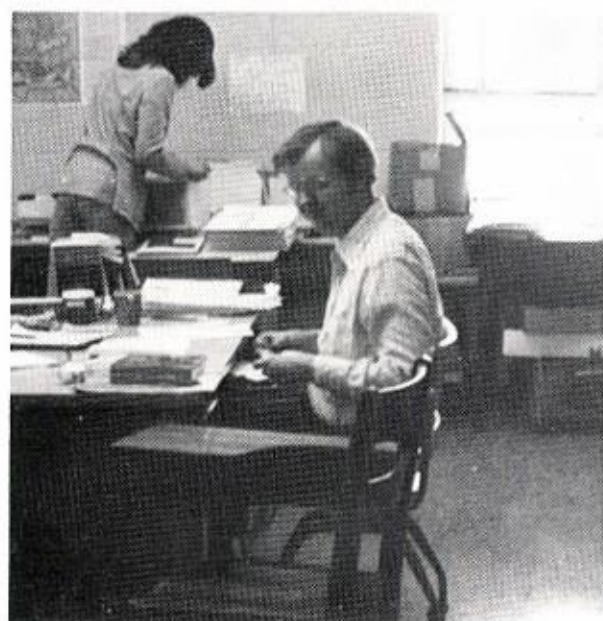

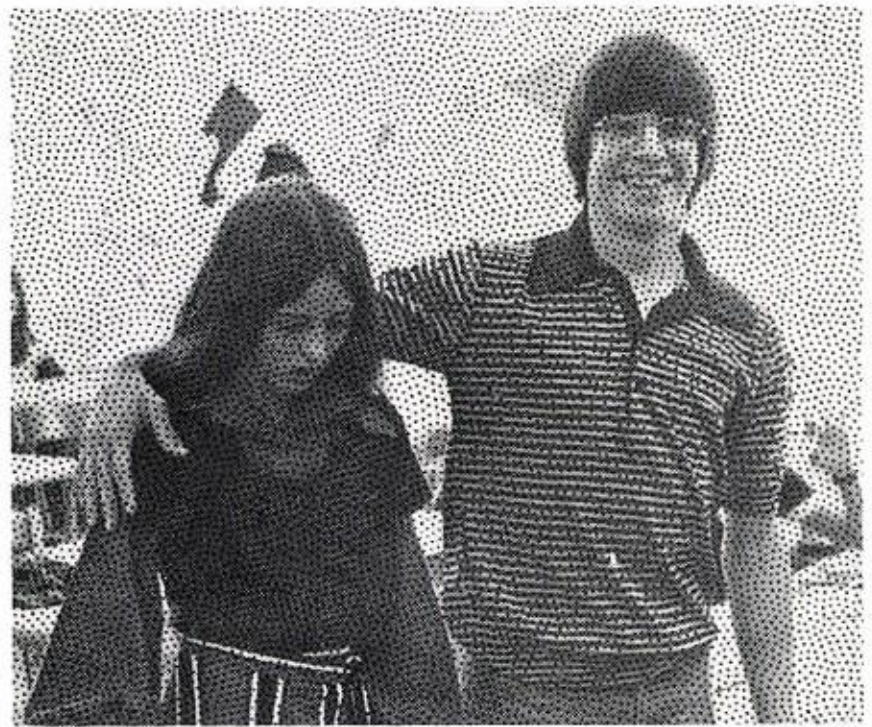

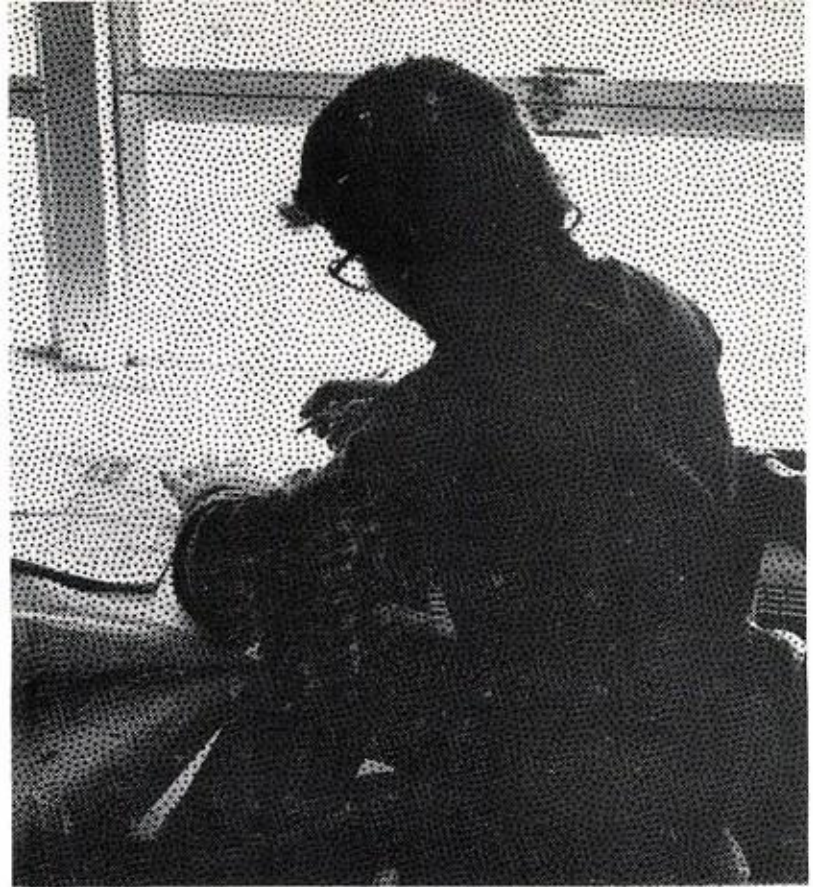

All seasons are for people

Just as there are seasons in every year, so do all of us have seasons of our own. There are the seasons in our ages. When we are young, we go through our springs and our summers and as we mature we enter the fall of our years. As we reach the end of our cycle of seasons we are in the winter of our years. Also, our moods follow phases just as do the seasons. We have our bright spring moods, our fiery summer moods, the pensive moods of fall and the thoughtful, somewhat sad, moods of winter. Here we have tried to capture just some of the many seasons of moods that are to be found at L.H.S. People are the most important part of our school, as they are of life, and here we have learned that all seasons are for people.

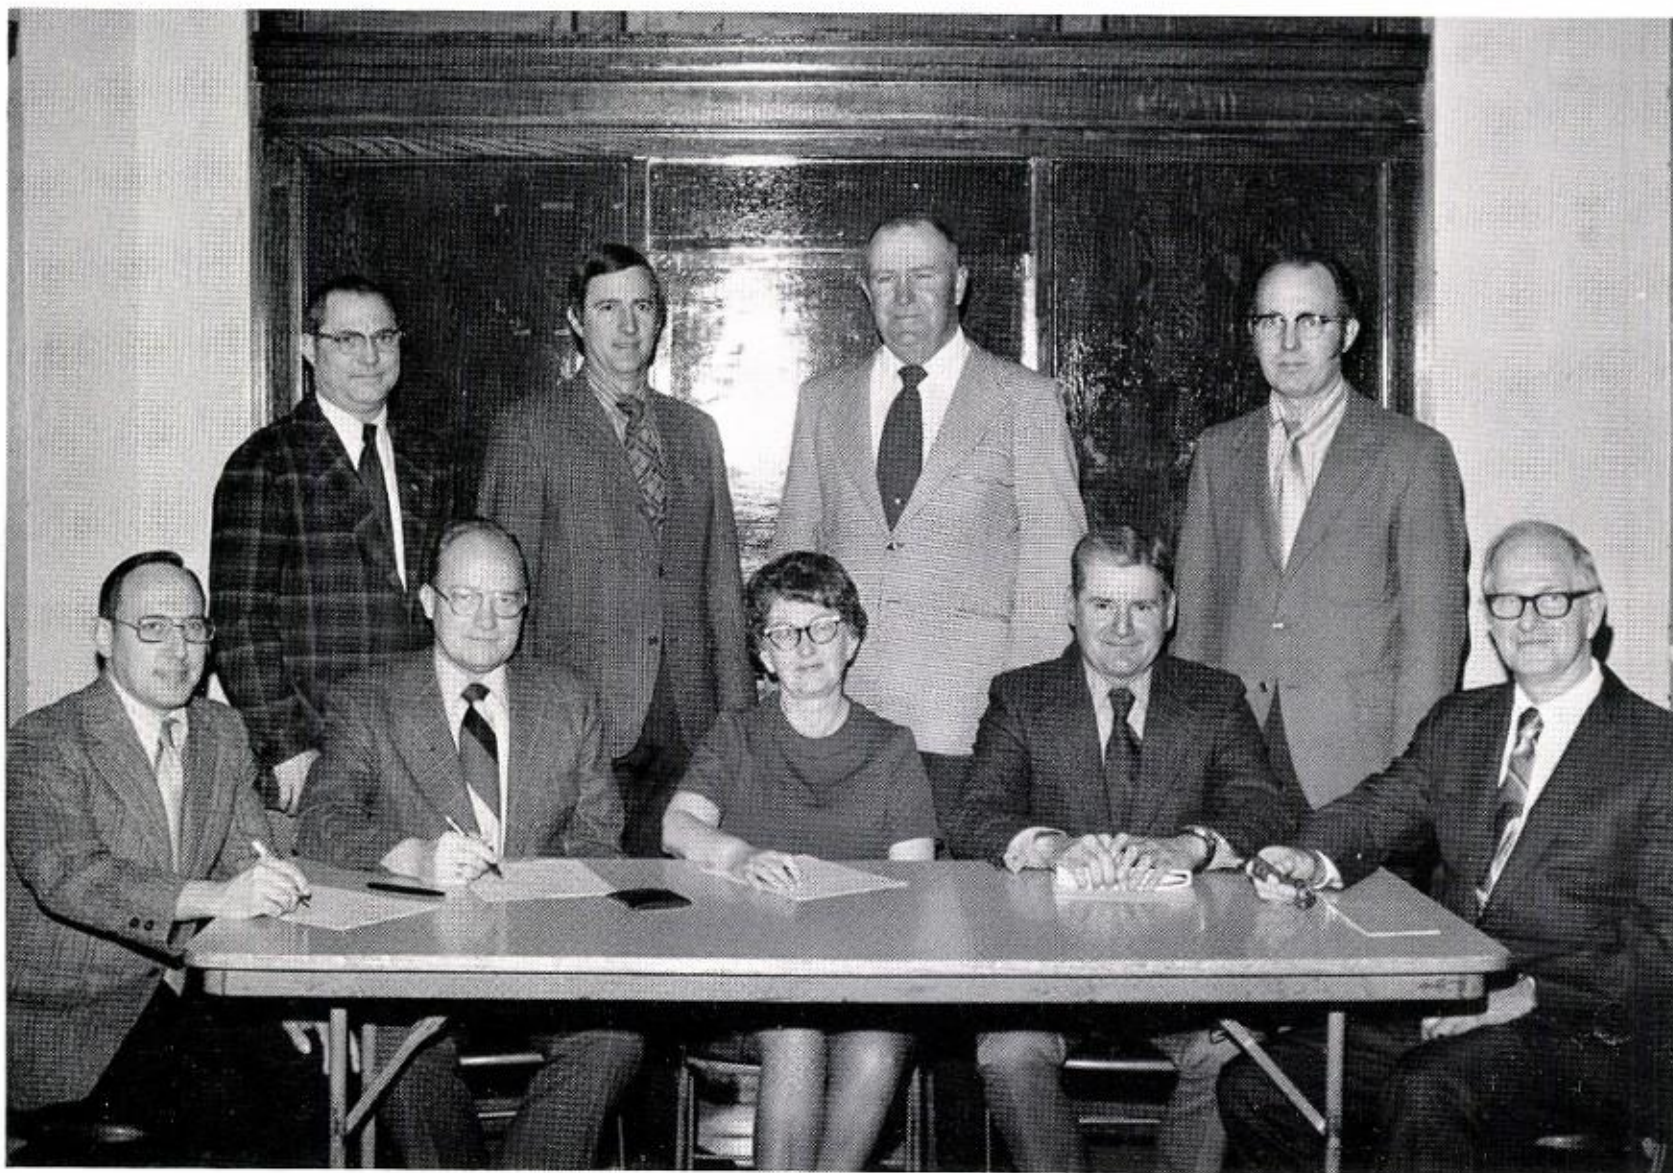

The structure of our school is not a simple one. There are a great many people who go into making L.H.S. an efficient, smooth-running educational institution with the highest of academic standards. Academics are the cornerstone of education and here those involved in this process are recognized. Education is a career that spans all of the seasons and all of the seasons need education as part of them.

ACADEMICS

Lexington R-5 Board of Education

First Row: Don Savio (treasurer), Bill Cohrs (president), Verne Holman (secretary), Donald Trent (vice-president), Roy B. Gerhardt (superintendent). Second Row: Norman Vialle, Wallace Hulver, Paul Lichte, William LaFue M.D.

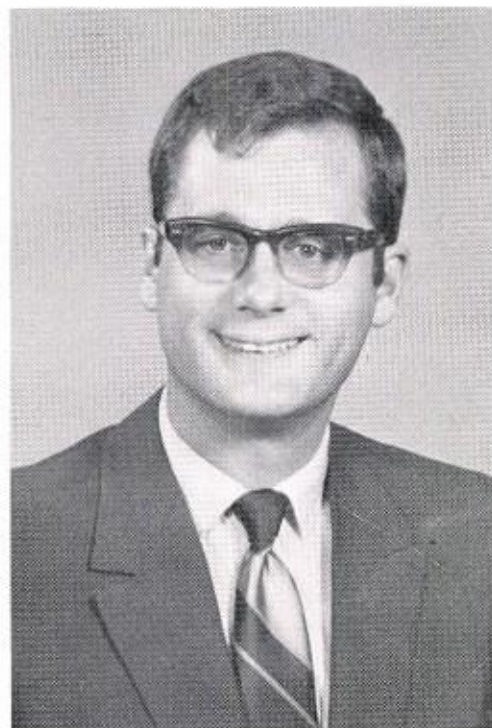

The Board of Education is selected by the Lexington community as the coordinator of the Lexington R - 5 School District. Through foresight and careful planning, these men must determine policies which maintain a high standard of education and are responsible for the evaluation of the results.

Mr. Roy B. Gerhardt
superintendent

Mr. Arnold Viebrock
principal

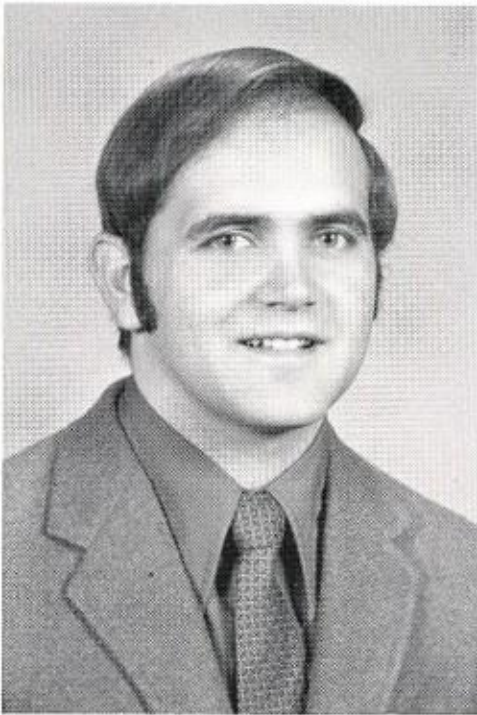

Mr. Bob Mitchell
assistant principal, contemporary issues

The Administration directs the total educational program of the Lexington R-5 School System, managing the many physical aspects of the school as well as programming a well-balanced school curriculum to meet the needs of a much changing world.

School board and administration direct educational program

mrs. katherine hightower and mrs. karen ensor keep things running smoothly in the high school office.

Mr. Doug Craft
world geography, government and economics

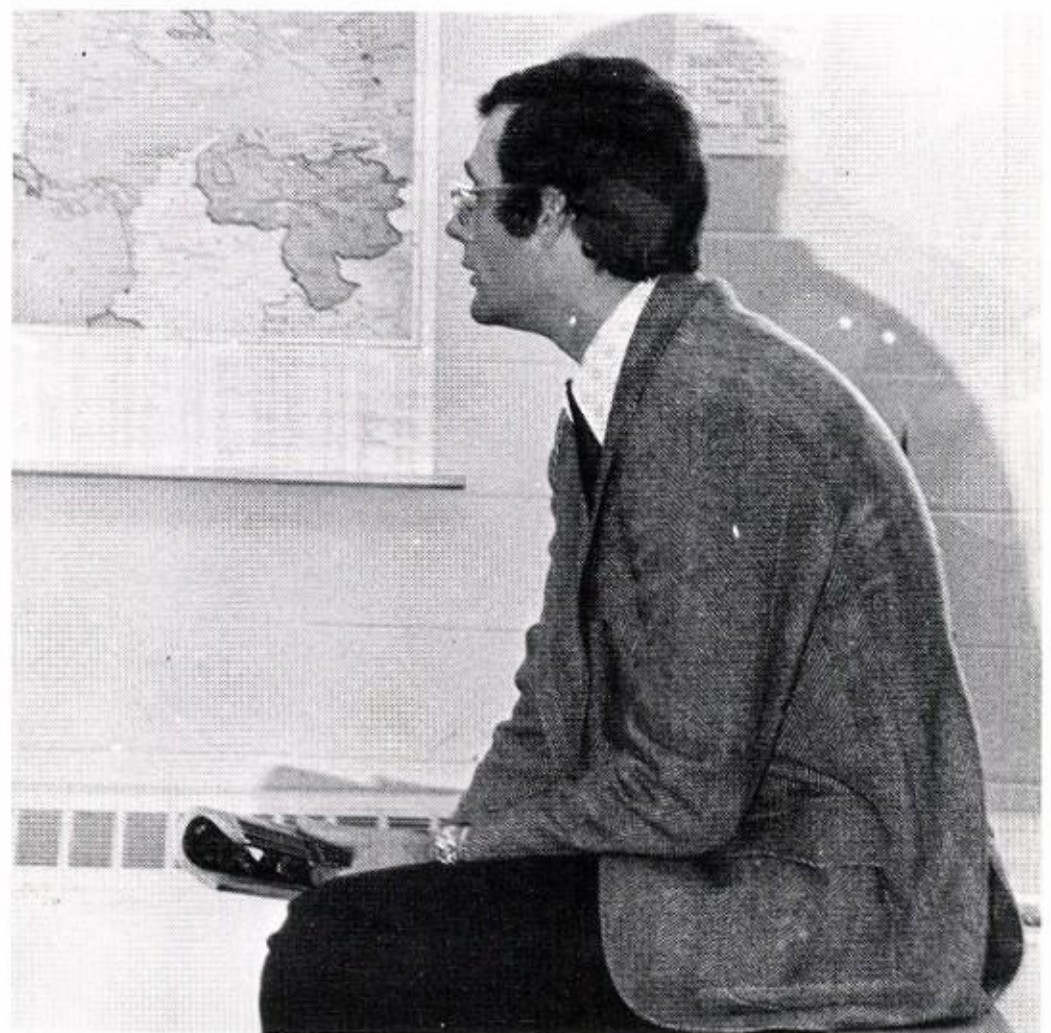

Mr. Gary Dixon
government and economics, drivers education,
contemporary issues

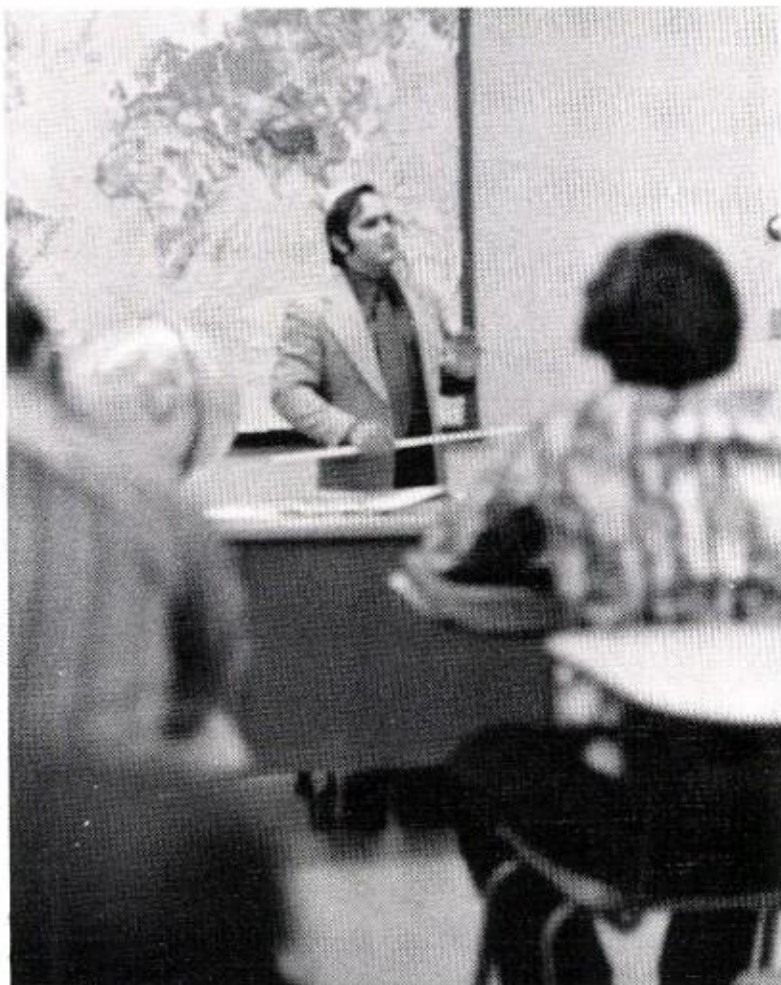

Mr. Bill Hamann
american history, athletic director

Students live past ,

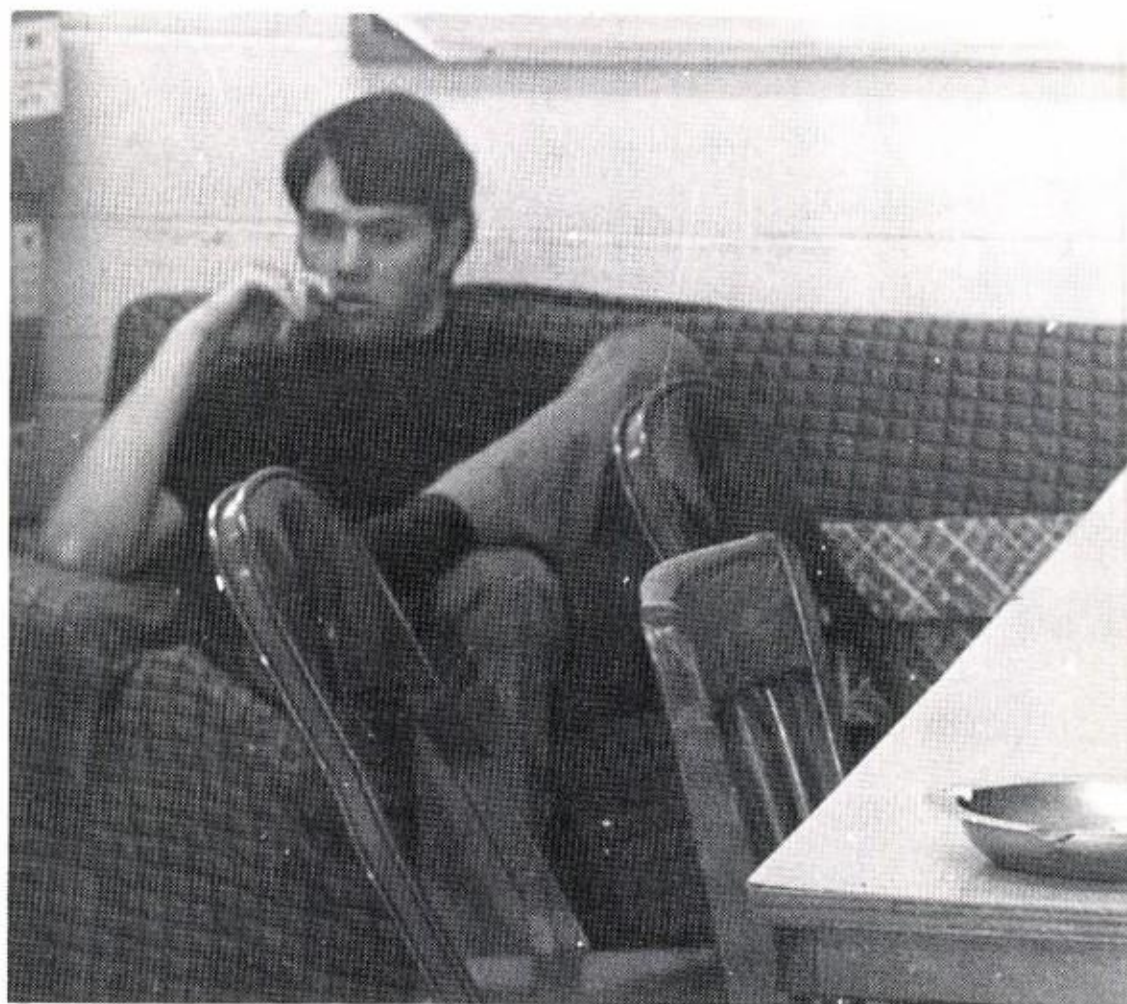

present and future through social studies facts

Progressing from American History, taken as a freshman, to the exciting studies of Geography and Government, students gain a broad understanding of the present world and how it works. As a senior, the student is not required to pursue any social studies courses, but a varied range of electives is offered. A student may choose from Economics, Current Issues, Sociology and Psychology. A mixture of knowledge from the past and keeping up with the current matters of importance are the goals stressed in an interesting, as well as informative, series of courses.

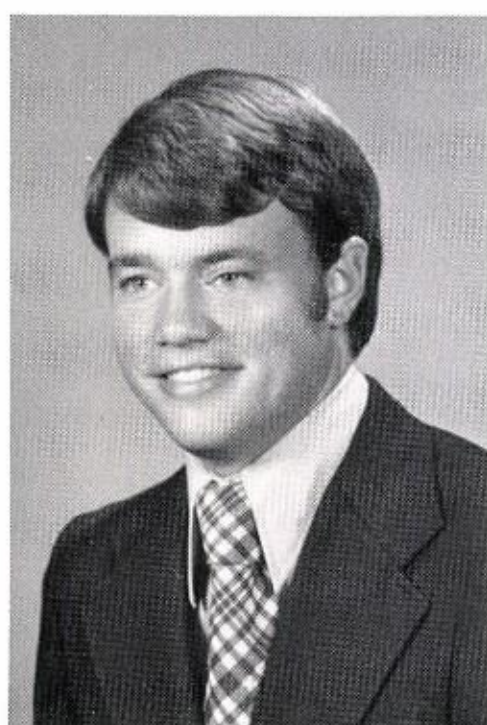

Language studies blend

Mrs. Barbara Audsley
english III, IV

Miss Linda Corne
*business english, remedial english I, II,
speech, drama and debate*

Mr. Bob Gibson
english II

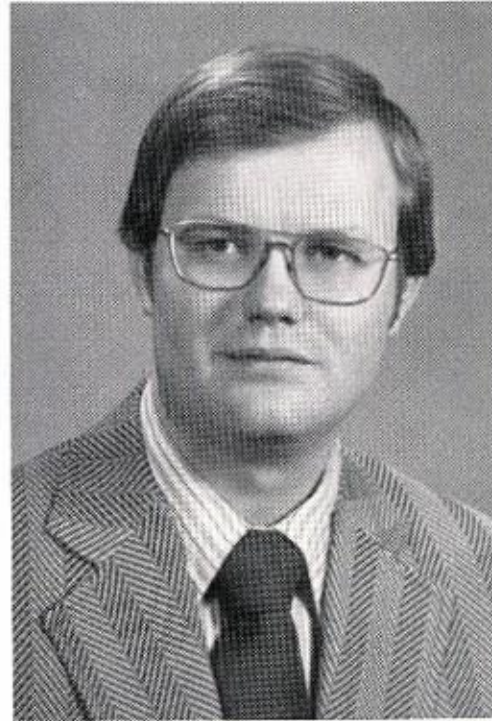

Students of language arts, both in English and in foreign languages, are required to attain important goals of good verbal and written communication. They also develop an appreciation of literature from both the past and present. During the freshman and sophomore years, this basic groundwork is laid, onto which more can be built. Four years of English courses are offered, in addition to remedial English and business English. Besides previous courses, students may take advantage of a good opportunity to see their knowledge applied and put to work in a practical way in elective courses of speech, drama and debate, French and Spanish.

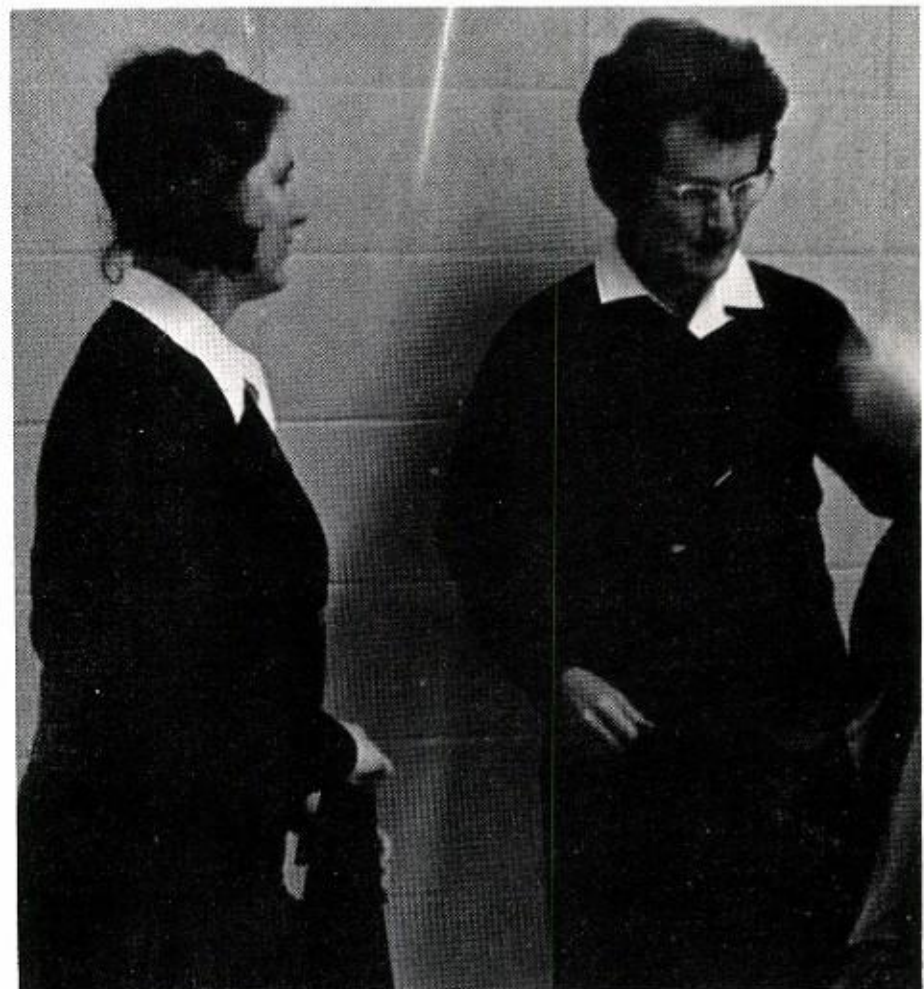

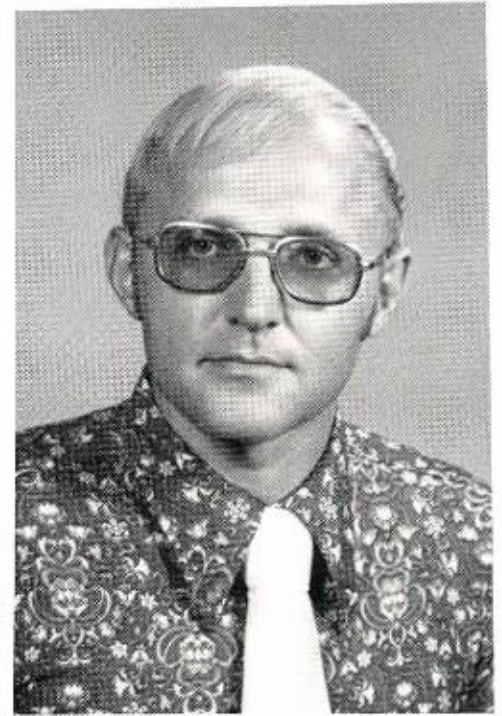

Mr. Keith Gockel
english III, IV

Mrs. Betty Hamann
english I, french II

Mr. David Tickemyer
spanish I, III, IV, sociology, psychology

literature, grammar

Mr. Jim Cado
geometry, algebra

Mr. Tom Winemiller
physics, trigonometry, general math I, II

Calculation

Accuracy, precision and experimentation are watchwords of the science and math courses offered to students. The range of courses is begun by General Math I and General Math II, which give reviews of math principles and perfects math skills. Then, more advanced classes of Geometry, Algebra, Calculus and Trig are learned. Students may pursue the secrets of many living things in IIS Biology, Biology I and Biology II. The physical characteristics of the world, are taught in the chemistry and physics classes which begin with basic elements to many very challenging experiments. By taking these courses, students learn to think logically so that they will be able to understand the complex world in which we live.

and experimentation tools of math and science

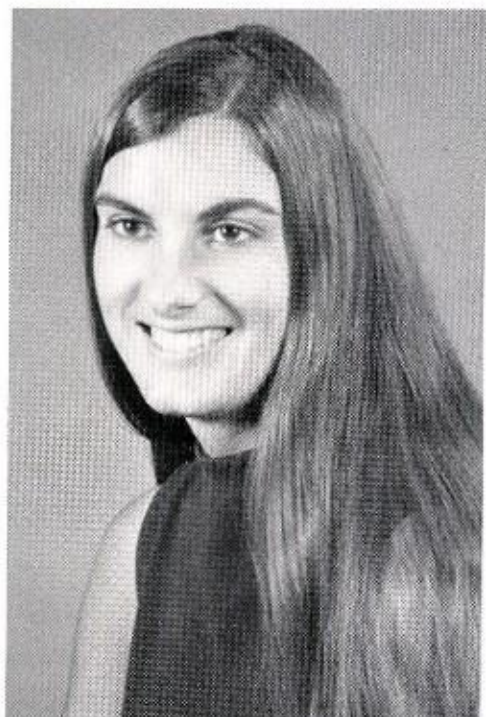

Miss Rosalie Baker
chemistry, IIS biology

Mr. Don Coen
biology I, II

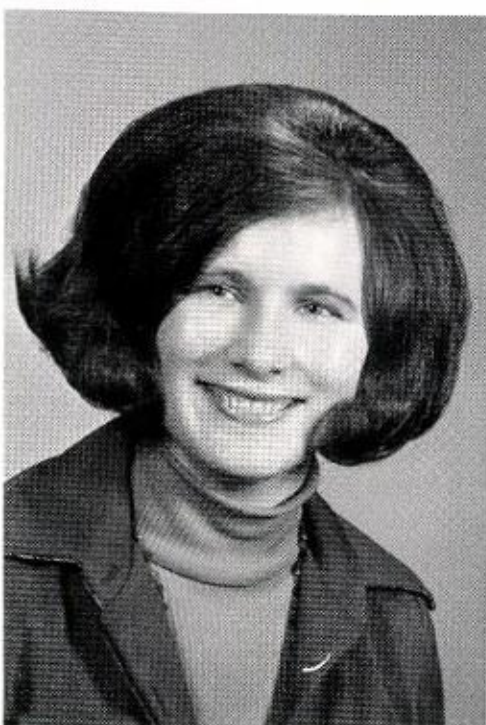

Mrs. Dorothy Heimer
bookkeeping, secretarial practice, shorthand

Mrs. Nancey Steffens
home economics I, II, III, foods and clothing

Miss Sandy Tucker
typing, bookkeeping, general business

Practical skills are

Although all classes give the students knowledge on which they can later draw, the practical arts of business and home economics are exceptional in this way. Beginning with the basic skills taught in General Business and Typing, and proceeding to the more advanced classes of bookkeeping, shorthand, and secretarial practice, the students gain practical skills that they may use vocationally or use in application in other areas. Home economics offers the students enrolled the opportunity to develop and advance skills in sewing, cooking, child care, and other home-related subjects. This is knowledge that will prove invaluable to the future of any individual. The students in the practical arts classes are given the unique opportunity of learning through doing and enjoy the experience.

**taught and perfected in
business and home economics**

Creative spirit is put to good use in the variety of courses offered in the fine arts department. The students may choose to pursue art from Art I, which delves into the basic principles of color and of line, to Art III, in which there is an extensive study of painting and the other art forms. Musical talents may be put to use in the performing groups such as choir, band and the orchestra. One's own talent is not ignored as students have the opportunity to give solo performances in music or display their individual works of art. These combine to form a well-rounded program designed to its fullest extent.

Students display creativity

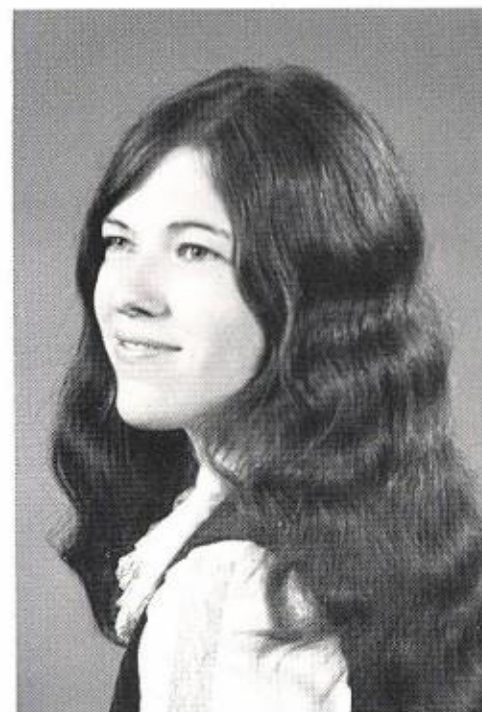

Mr. Murle Pilant
band, varsity band

Mrs. Rebecca Entine
orchestra

Miss Karen Kounovsky
art I, II, III, IV

Mrs. Beth Cochran
glee club, mixed chorus

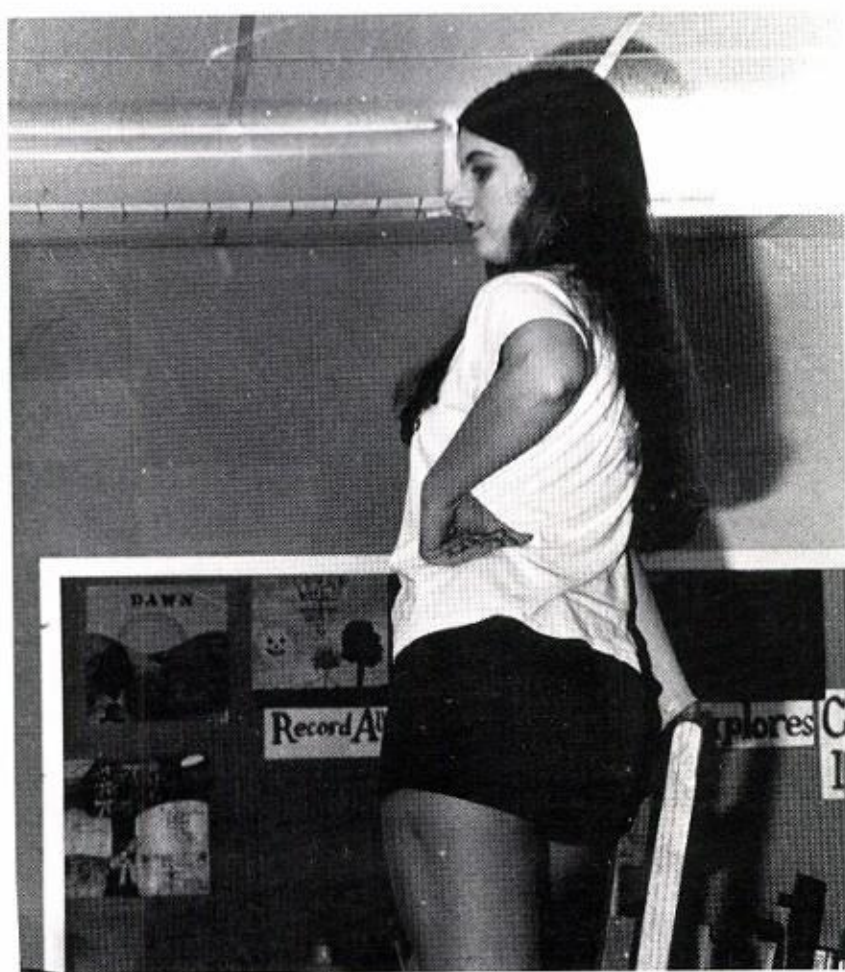

To Joy,

*Best of luck to a fine student
and a very sweet young lady. I
hope your future holds only good
things - as you deserve.*

*Sincerely,
Karen Kounovsky*

in works of art and music

practice is an important part of music, as shown here by jane raplinger.

Mr. Larry Case
adult vocational director

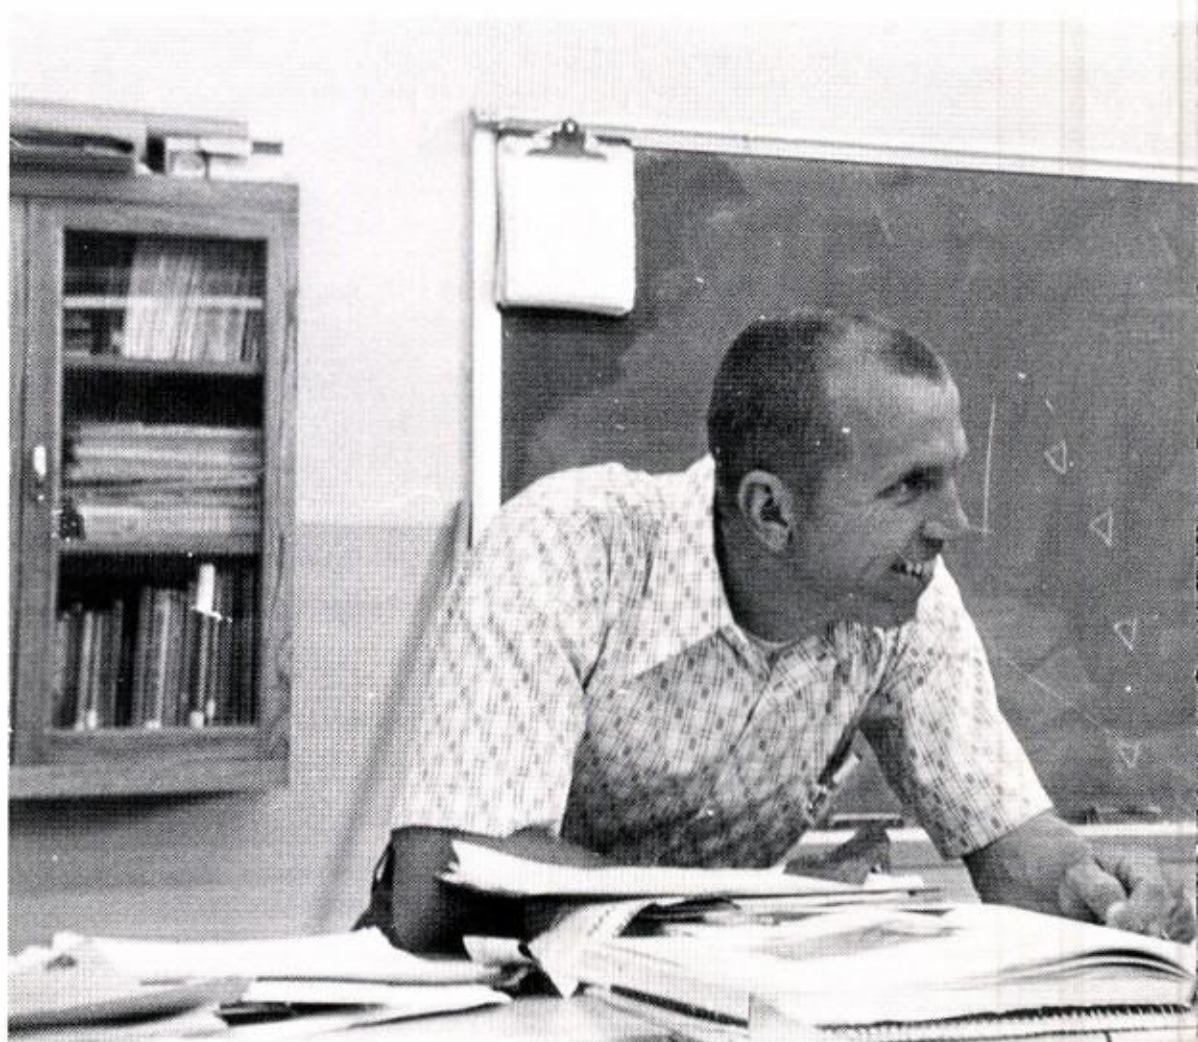

Mr. Mark Burger
farm management and livestock, plant science,
animal science, agricultural construction

Mr. Norman Ross
c.o.e., pre-employment

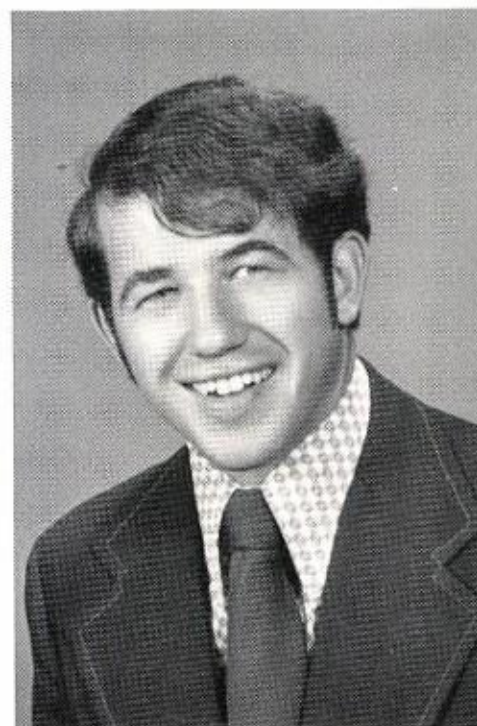

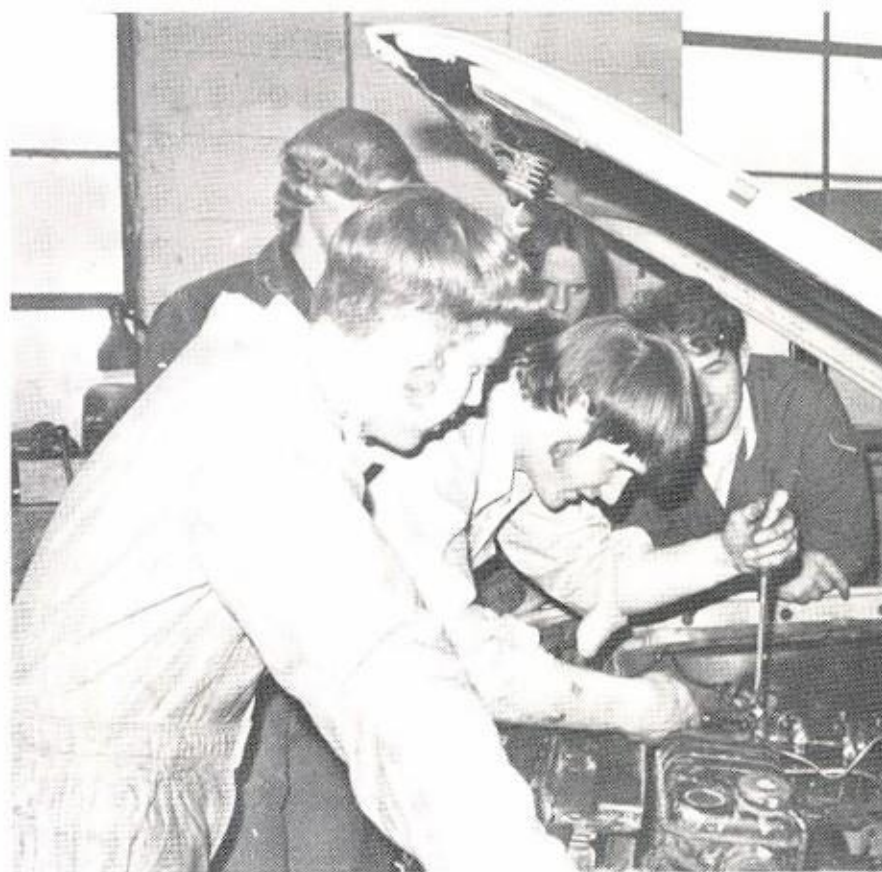

Vocational courses prepare

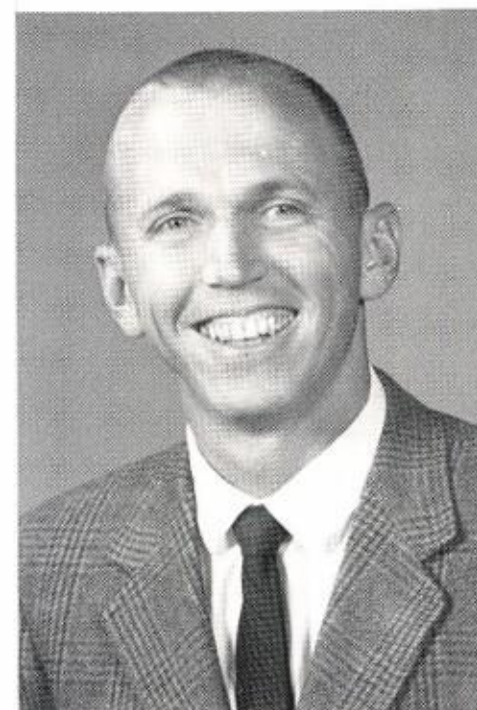

Living in an agricultural community, our courses in agriculture are very important ones. In this extensive program, students may take classes in farm management and livestock, plant science, animal science, and agricultural construction, all taught by Mr. Mark Burger. In addition, is the adult vocational educational program, under the direction of Mr. Larry Case. This is an important and expanding service.

Individuals interested in the wonders of the machine may satisfy their thirst for skill and knowledge by enrolling in the auto mechanics program which serves both the Lexington and Richmond areas.

Preparation for employment is an important part of every young person's training. He may gain assistance in this area in the co-operative education program under the supervision of Mr. Norman Ross. Preparation for the future is a goal of all education, especially the vocational education classes.

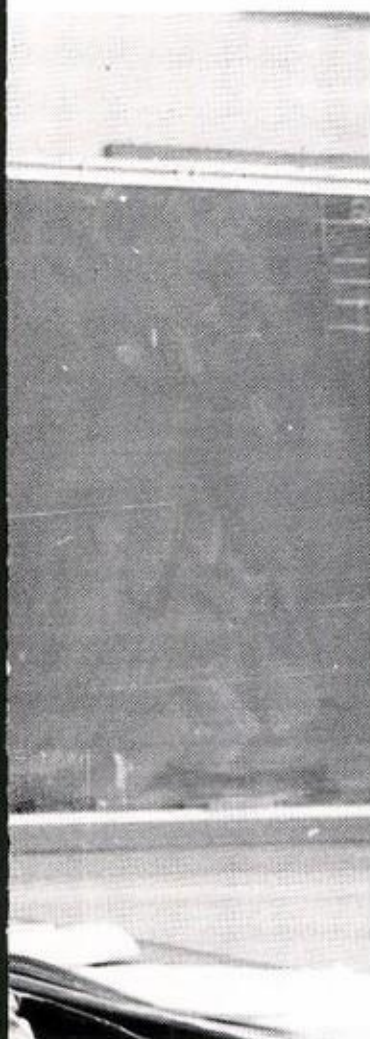

Mr. Dave Duff
auto mechanics

Mr. Bill Stuerke
gen. shop, woodwork, mech. drug.

students for future

Vocational courses could be described as courses which prepare one for an occupation. At Lexington, we have a number of these important courses. Although our shop classes are considered to be general education subjects, they most certainly give students skills that will aid them in the future and help give to them additional help in the job areas. The courses from which students may choose are General Shop, Woodworking, and Mechanical Drawing.

The well rounded educational program of today not only works on the intellect, but also is interested in the fitness of the youth. Vigorous physical activity and the competitive intramural sports are welcome breaks in the activity of every LHS student. Teamwork is taught in the best way -- through actual experience. Students learn to work together and also to develop their individual talents in the very individual sports of tennis and gymnastics. Self improvement and fitness are the goals which are most successfully accomplished in the physical education department at Lexington.

Mr. Tom Beck
boys' physical education

Miss Janet Marquis
girls' physical education

Mr. Gil Rector
driver education

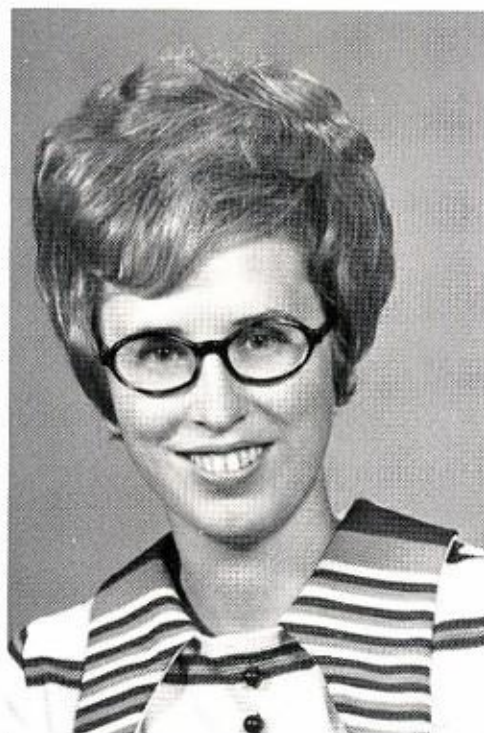

Physical

activities spark fun and fitness

Mrs. Karen Ballog
librarian- first semester

Mr. Tom Hayes
guidance counselor

Miss Paula Humphrey
librarian- second semester

Mrs. Elizabeth Amos
nurse

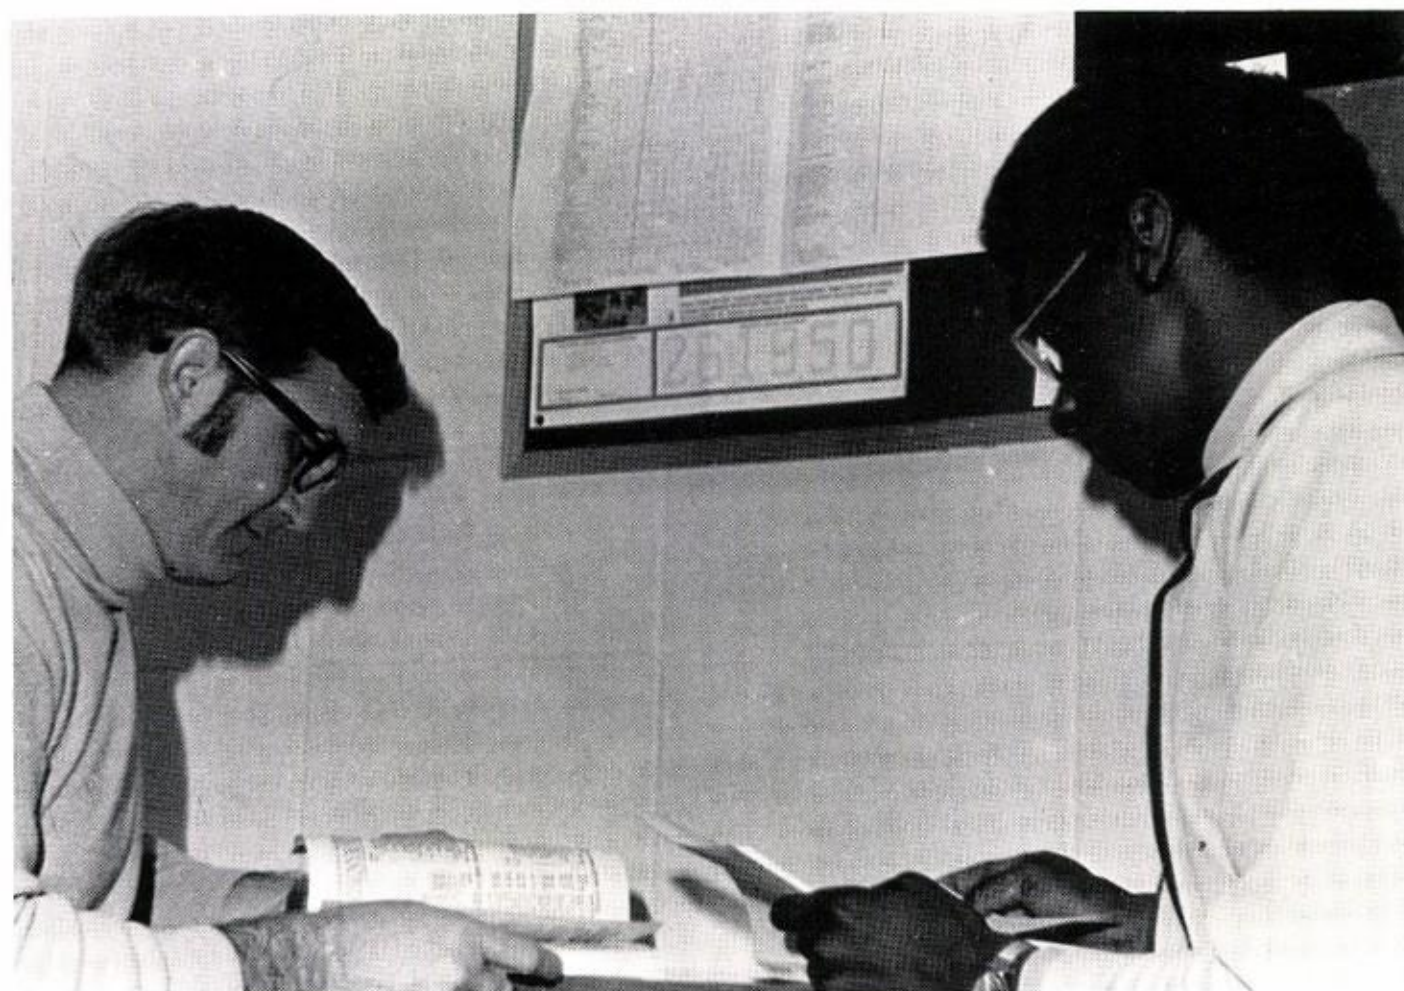

Student life

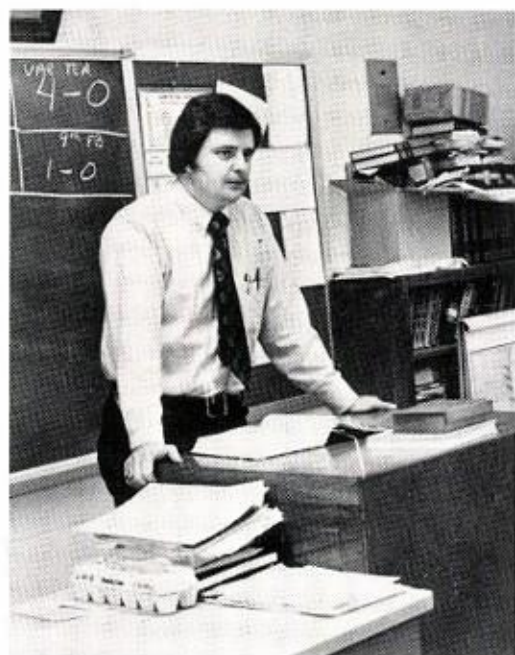

Assisting students in their plans for the future is the counselor, skilled in his duties and always interested in helping. All college bound students find this assistance invaluable, while job bound students find direction in applying their skills to jobs both suited to them and appealing. In addition, help is found when the student has a desperate need for a certain book or a very difficult topic on which to do research. This help is found in our library, where Mrs. Ballog and Miss Humphrey have been willing to guide a student to the correct shelf or reference book. Another individual who makes things easier for us is Mrs. Amos, whose nursing experience has been appreciated by all. Special recognition should be made to Mrs. Amos, who is retiring this year from the Lexington School System.

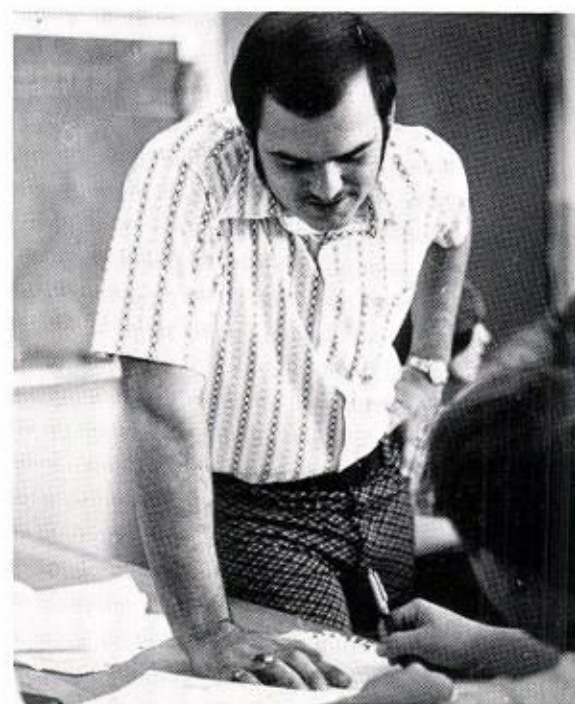

made easier by guidance

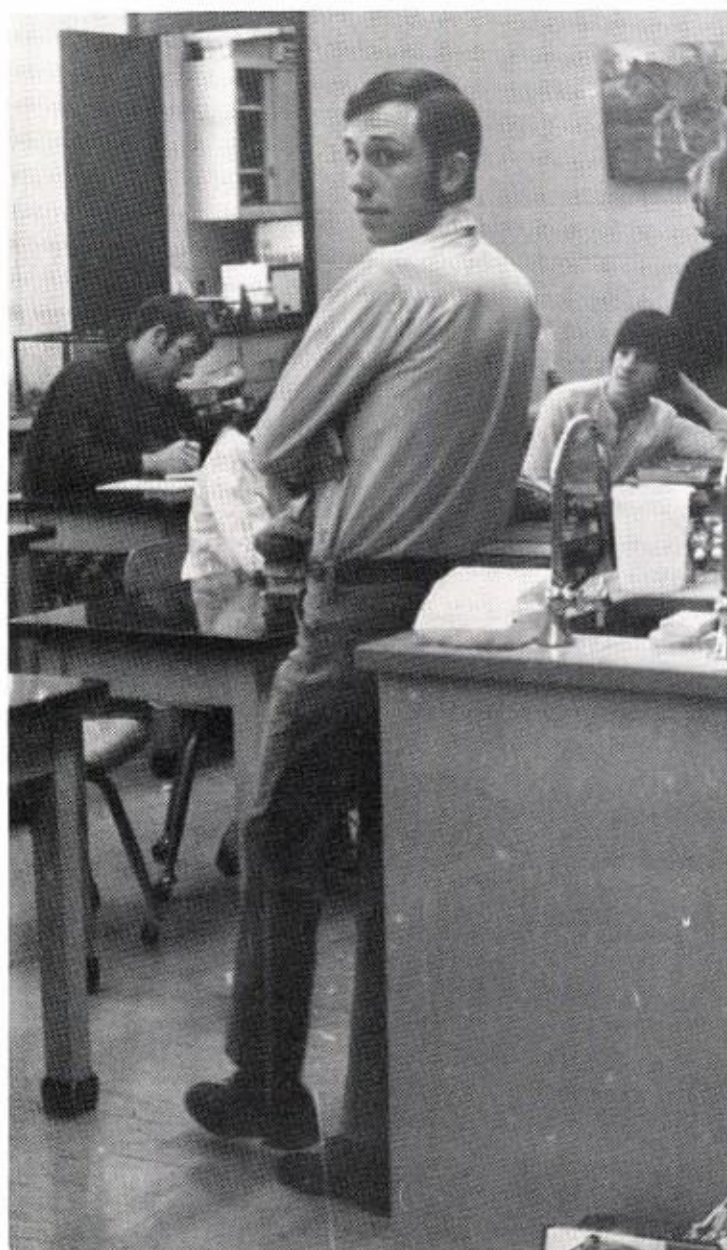

mr. ed robinson, working with mr. dixon, taught contemporary issues and government during the fall term.

Student teachers have added much to the quality of education here at Lexington during the past year. Some of the student teachers who spent time with us during the 1973-74 school year, who are not shown in pictures, are Mrs. Manson, Mrs. Munkton, and Miss Dooley who worked with Miss Marquis. Another student teacher in the music department was Miss Marilyn Rasse, who had Mrs. Entine as her co-operating teacher. Lastly, Mr. Dixon had another student teacher, Mr. Richard Bruns, during the winter term.

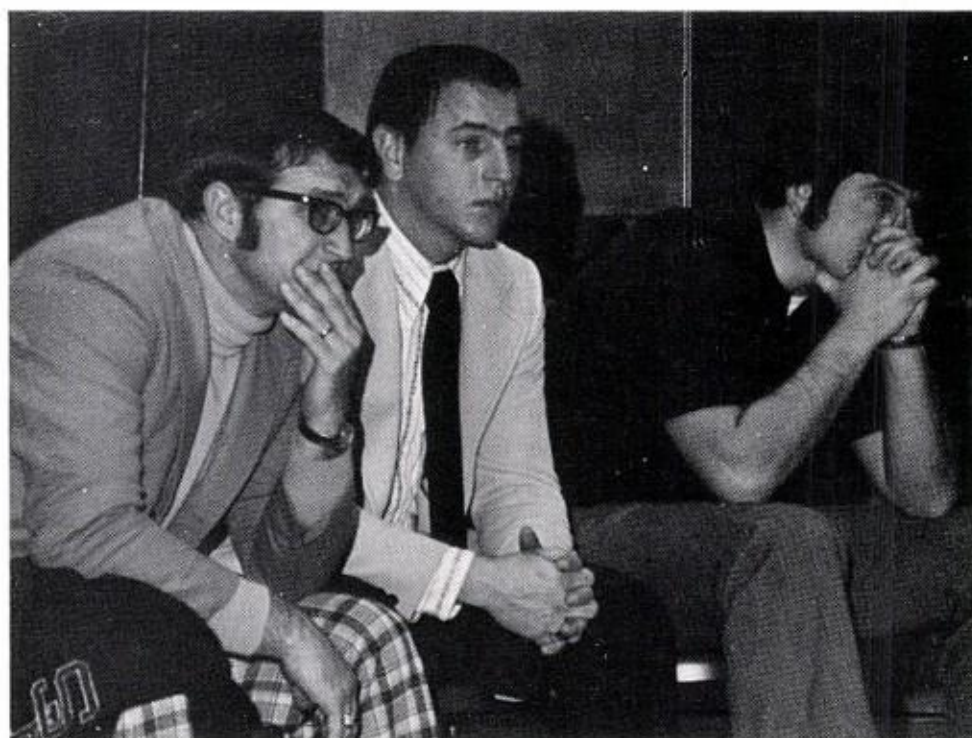

mr. kevin kaiser did his practice teaching with mr. steurke during the fall.

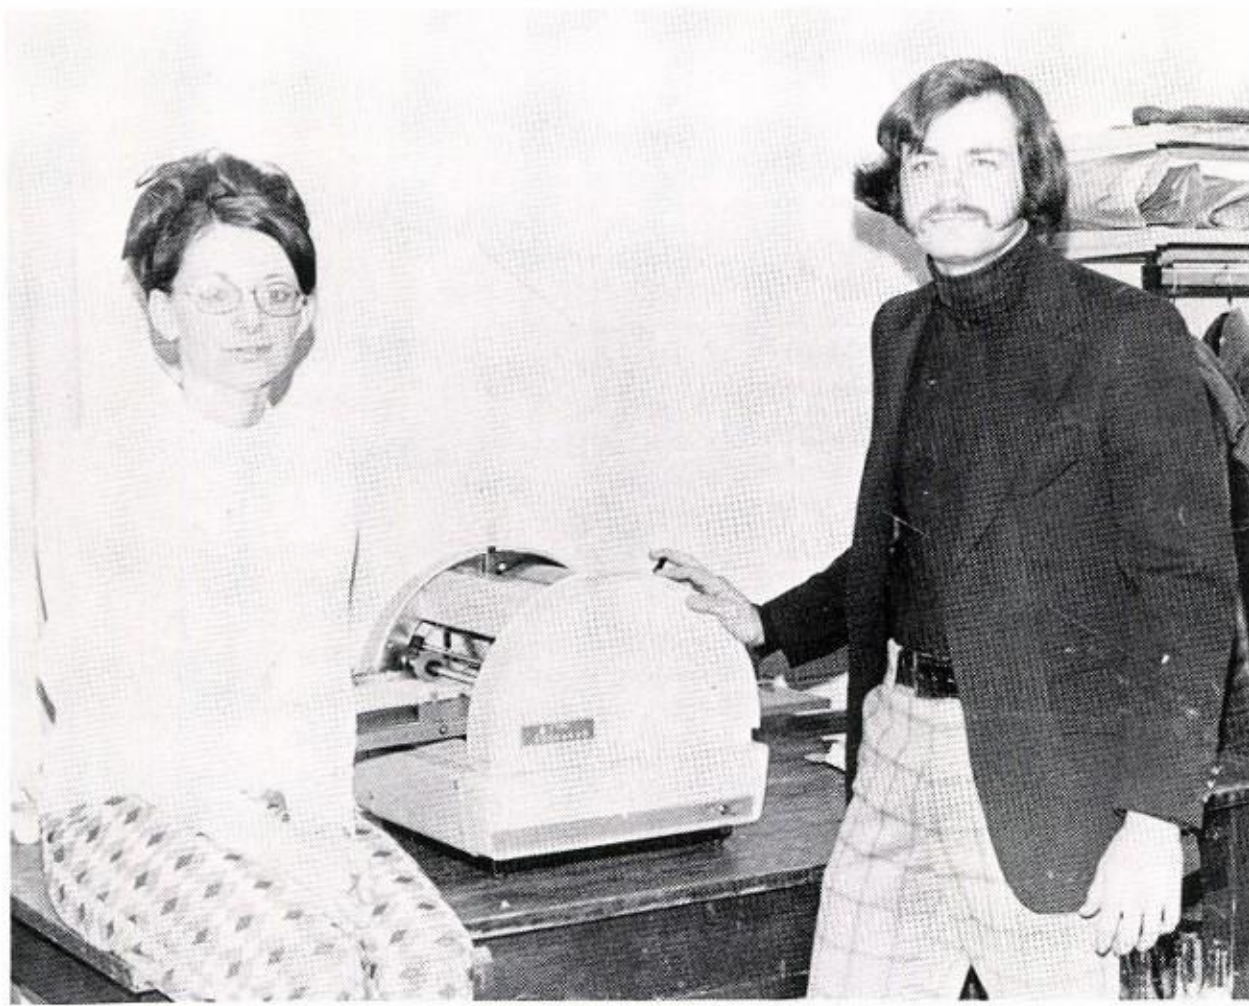

spring term brought us mr. bill davis who added much to mr. coen's biology classes.

Student teachers

shown here with coach hayes and coach beck is mr. gene o'brien who student taught in driver education and also assisted in the coaching of wrestling.

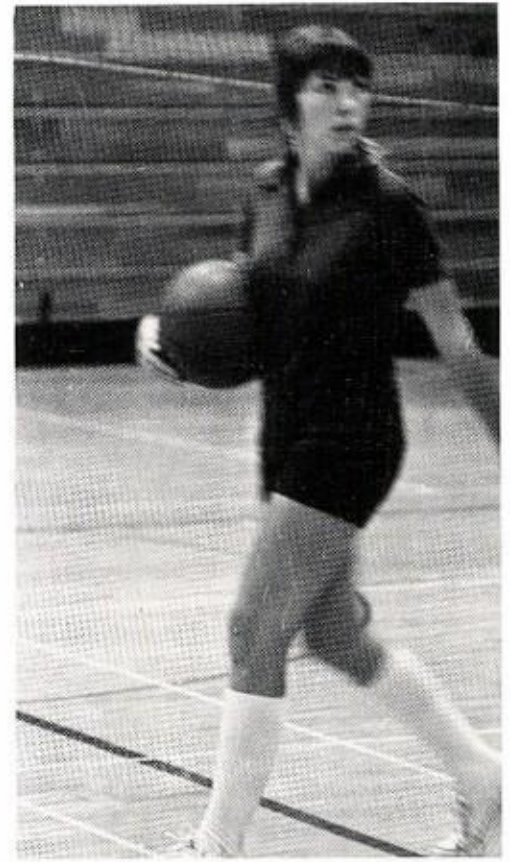

during the spring quarter, diana cole and frank hamer were with us teaching geography and drivers education.

learn as they teach

Music department performs many concerts throughout the year

The Lexington High School Marching Minutemen contributed to the student life in a variety of ways. Their talents were utilized during half-time programs at all home football games and they were invited to perform at the Clinton High School halftime show. Their hard work yielded gratifying results as they performed at the Fall Festival Parade, C.M.S.U. Homecoming Parade, Music Carnival Parade, and at our own L.H.S. Homecoming Parade. At the Carrollton Parade, halftime and in twirling competition the Marching Minutemen received second place honors. The band had a very successful year, and their dedication was appreciated by all.

games during year

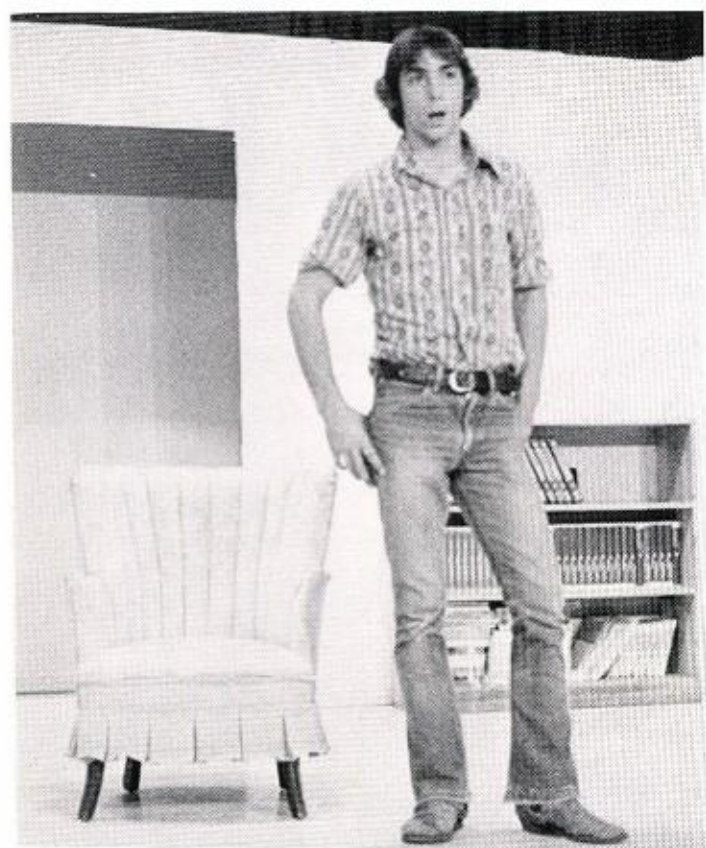

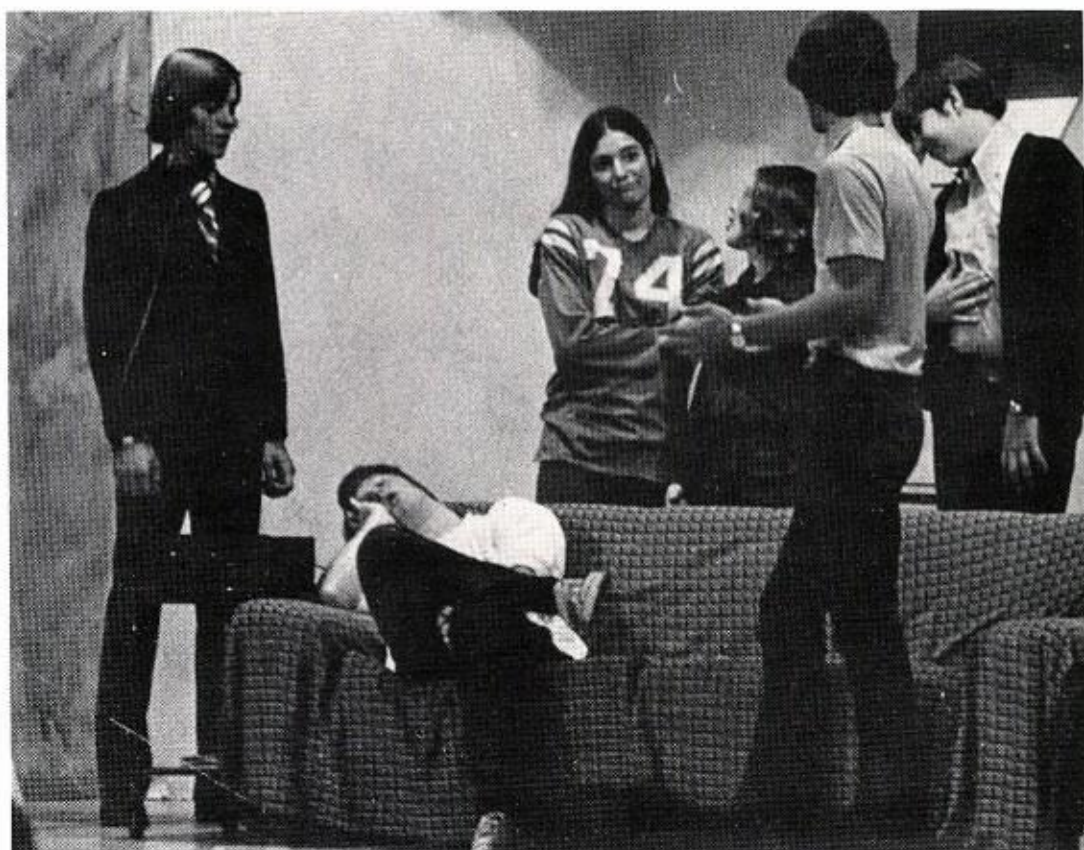

The Perfect Idiot , first play

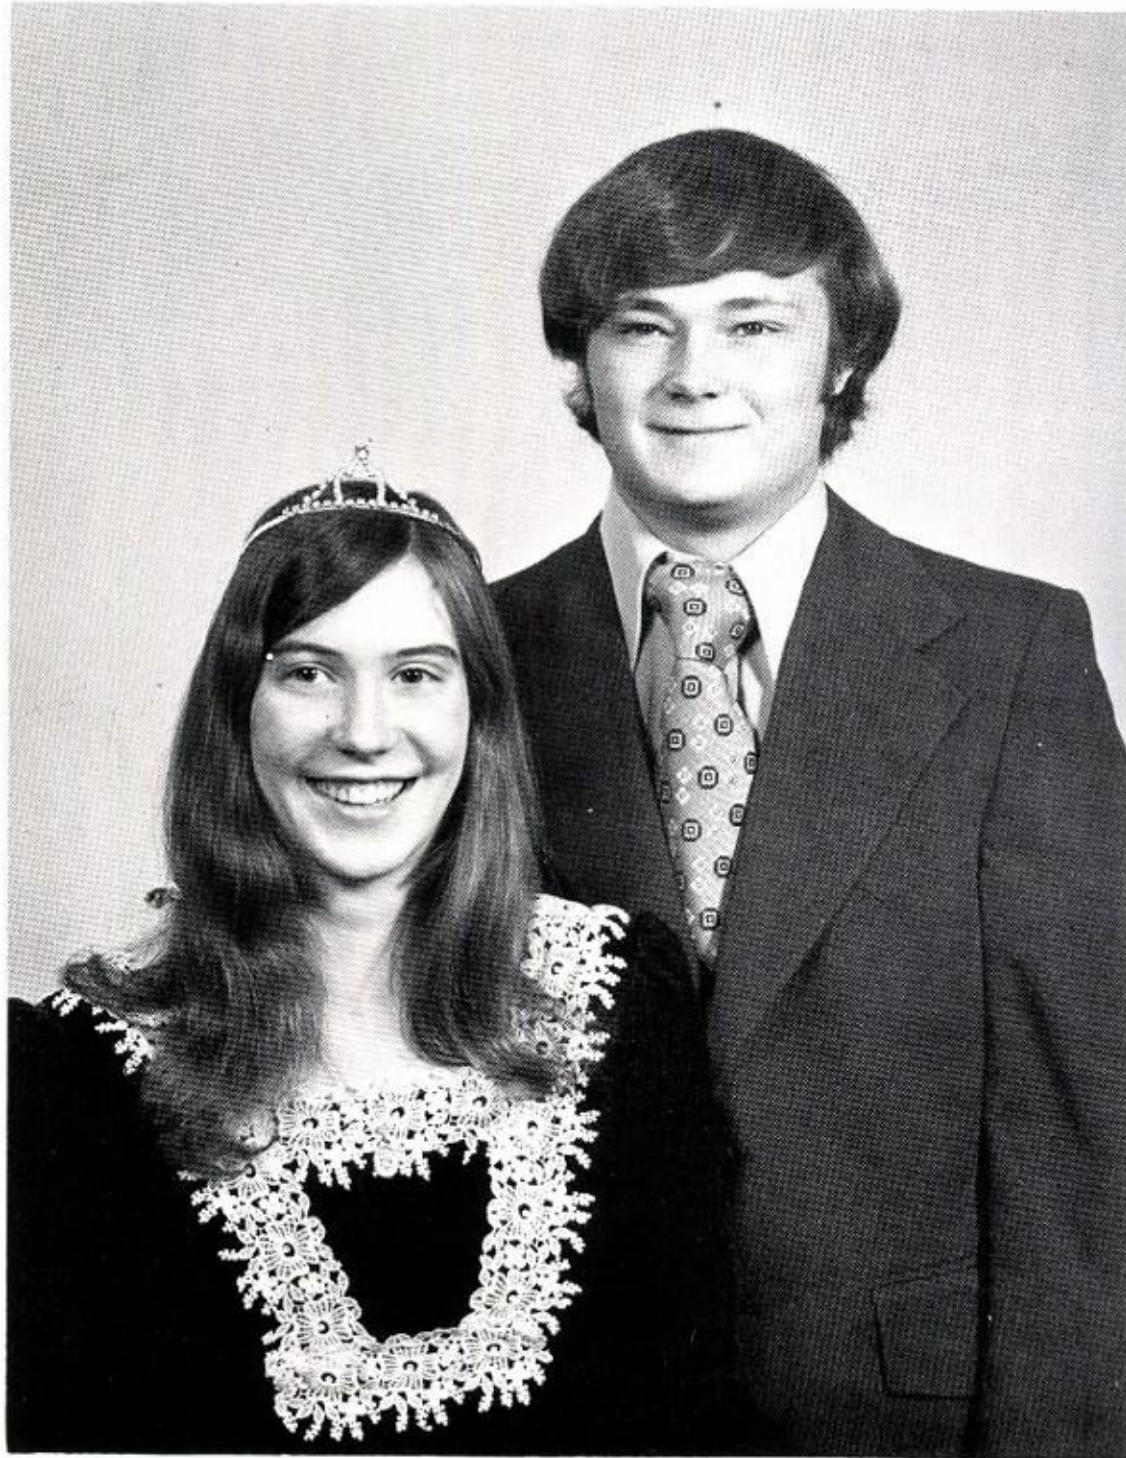

One of the fall activity highlights was the production of The Perfect Idiot. Miss Corne and her cast of players worked hard in the planning of this event and their efforts paid off by great results. Scripts were read, lines were mastered, flats were built, props were scavenged, the stage was set and they were ready to go. There was a good turn out, as there are for all of the plays. In these pictures you will see a variety of scenes from The Perfect Idiot, a comedy concerning the efforts of friends to give an instant education to a 'not too bright' high school football player in danger of not making the big game because of his poor grades. Among the players pictured are Diane Dunford, Don McLaughlin, Linda Nichols, David Schuster, Greg Lynn, Mike Miller, Joe Schuster, Marsha Logue, Morgan Slusher, Laurie Heimer, Judy Pollard, "D" Ivory Hunter and Mike Bentz.

of the year

A major fall activity is the annual Music Carnival. The festivities begin with a colorful parade, including all of the bands in the Lexington School System. At this time, collections are made for funds which are used to help support our music groups. Money is used for such things as uniforms, instruments, and other necessary items. One evening is set aside for the Music Carnival itself. Booths are set up, door prizes are awarded and for the evening's highlight, the Music Carnival king and queen are crowned. Each class nominates a boy and a girl as candidates and from there the competition begins. The classes work hard to raise money for their favorite candidates and the rivalry is strenuous. All in all, this is an exciting event which proves to be a lot of fun for all.

The 1973 Homecoming was a success with the juniors taking first in the float competition. The next event was the crowning of the 1973 Homecoming queen. Second princess was Susie Abbott, first princess was Renee Wuthnow and Letty Ahmann was crowned Homecoming Queen for 1973. To add to this occasion, the Lexington Minutemen rose to victory by defeating the Slater Wildcats with a score of 14-9. Following the Minuteman victory came the 1973 Homecoming Dance, sponsored by the Student Council. Refreshments were served and everyone enjoyed the evening.

heavenly adventure

The 1974 Junior-Senior Prom was a gala event. The theme that was chosen was "A Heavenly Adventure" and it was carried through by decorations which blended space travel with the mystical study of astrology. The banquet was another delight as martians did the serving, Peter Wilkerson read the wills and Scot Maring and Laurie Heimer read the prophesies. Mike Miller made an excellent master of ceremonies and Miss Humphrey and "D" Ivory Hunter provided the memorable entertainment. With flourescent decorations and black lights, the prom guests entered another world, as they began the dance. This night was truly one to remember.

The organizations of LHS are designed to give a balance of activity through all of the seasons. There is no one season which is lacking in things to do and this is shown by the great variety of entries in this, the organization section.

ORGANIZATIONS

Leadership and school service was demonstrated by the Student Council, sponsored by Mr. Bob Mitchell and Mr. Bill Steurke. Activities for the entire student body, such as the homecoming dance, cheer packages for the needy, bake sales, and the cancer drive. The big event, 'jog a mile to save a life', was a successful campaign. At meetings, the representatives discussed school problems and possible solutions. Constantly working to upgrade the quality of the school for its students, the student council provides numerous services for us all.

Student council: representation in school affairs

Deca readies students for the business world

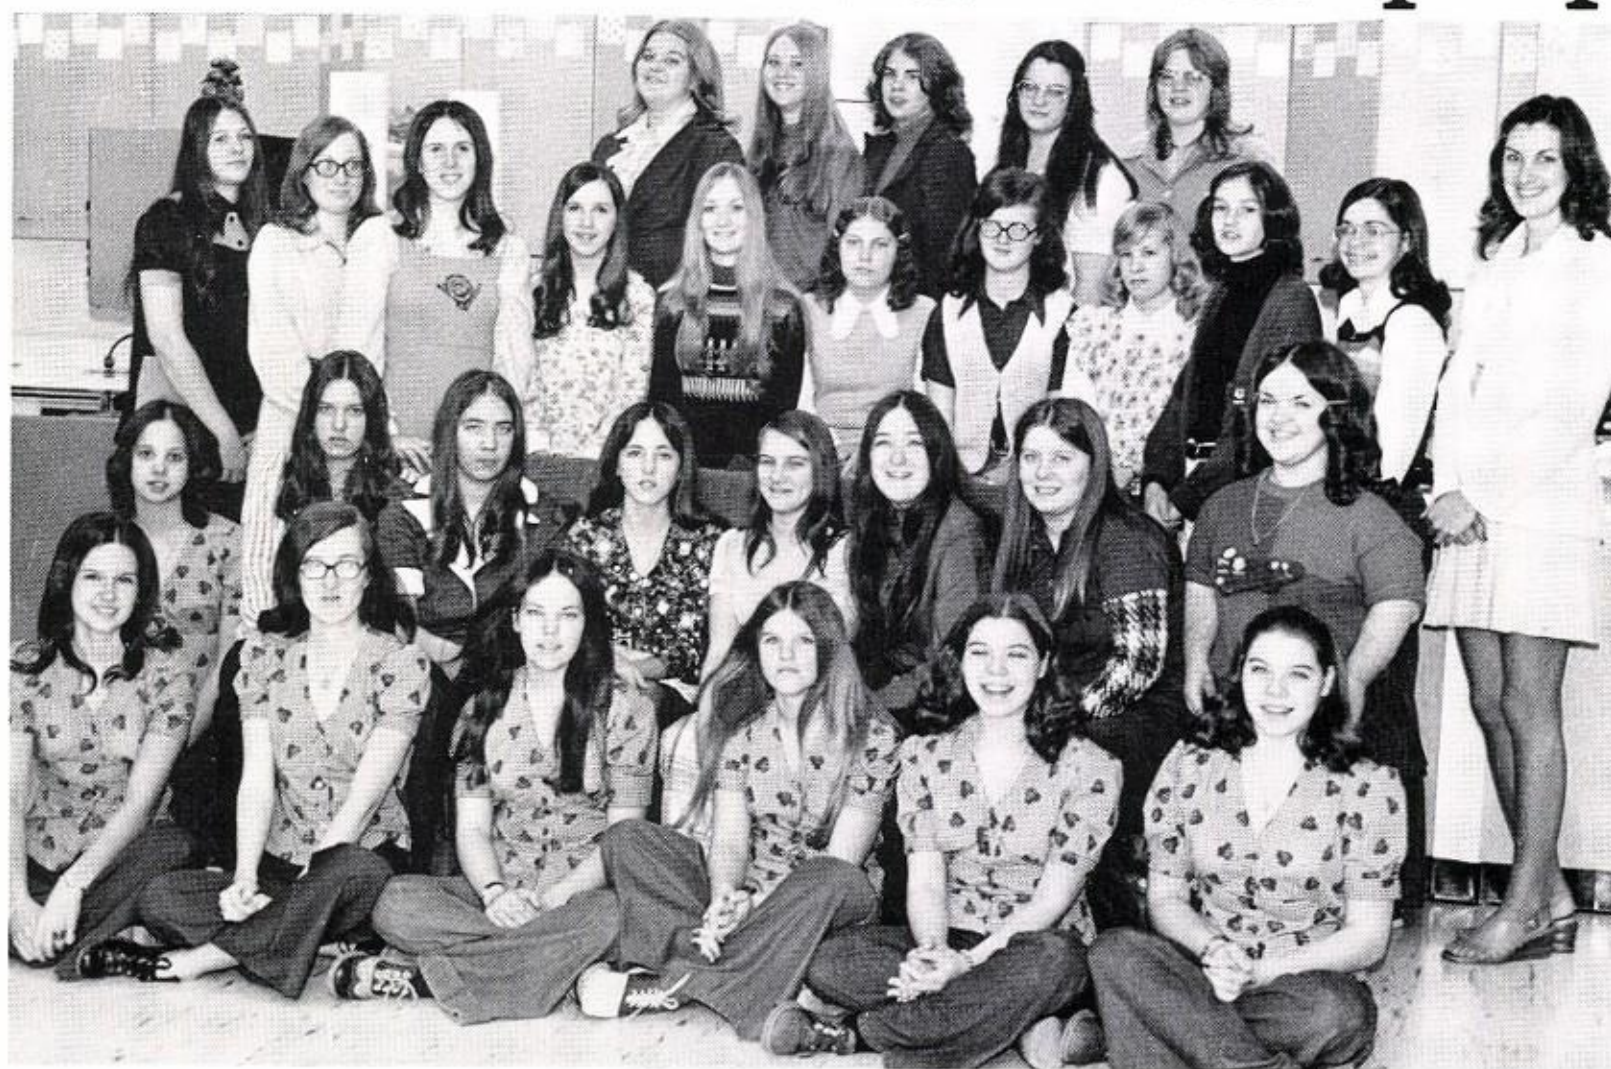

DECA is fast becoming one of the largest youth organizations in the United States. Concerned with distributive education, these are students with a common interest in business. They have hopes of entering the business world and eventually reaching positions of management. They compete on local, district, and state levels, in their various special skill areas.

The FHA promotes interest and information in the various areas of homemaking. Activities are an important part of this club's year. Many of the events took place during FHA week. Among these were a trip to the Home Show in Kansas City, a visit to a mushroom factory, a bake sale, and the club also attended church as a group during this week. Another FHA activity was a visit to the Lafayette Manor Rest Home. The FHA mother and daughter banquet was one of the highlights of a year filled with fun and learning.

Future Farmers of America are an important organization in our school and in Lexington. One of our more active organizations, the boys began the year with a water-melon feast. The club worked together on the growing and harvesting of popcorn. They cleaned, bagged and sold their own product. The boys attended many field trips to see special exhibits and an important display of farm machinery. Animal judgings were both fun and educational, as the year progressed. The year's end was marked by a successful father and son banquet that was enjoyed by all.

Kneeling: Wayne Ewing, Kevin Hill, Russell Fredrich, Billy Hollingsworth, Scott Lichte, Tommy Wallace, Chucky Smith. Standing: Wayne Dothage, Mike Appleby, Melvin Fetter, Mark Lichte, Mark Dysart, Albert Ryun, Mark Dobson, Mike Schwermer, Eddie Williams, George Danner, Kevin Clouse, Bryant Soendker, Joe Schuster, Wayne Wrisinger, Roger Homfeld, John Dye, Mark Weitkamp, Keith Ostermeyer, James Dunkle, David Dobson, Mark Smith, John Smith, Tony Hoepfner, Steve Phillips, Chas Tulipana, Roger McFadden, Danny Mais, Bruce Copenhaver, Mr. Burger.

Scholarship, leadership, and service are traits of members of the National Honor Society. Upon nomination and acceptance to this organization, inductees attend a special candle light initiation ceremony along with their families. Among their activities during the year are concessions at many athletic events. A field trip to the Kansas City Zoo and a special showing of a movie, kept the spring moving along swiftly. A banquet at the Peckerwood Club put a pleasing end to a rewarding year.

Lettermen join forces in "L" club

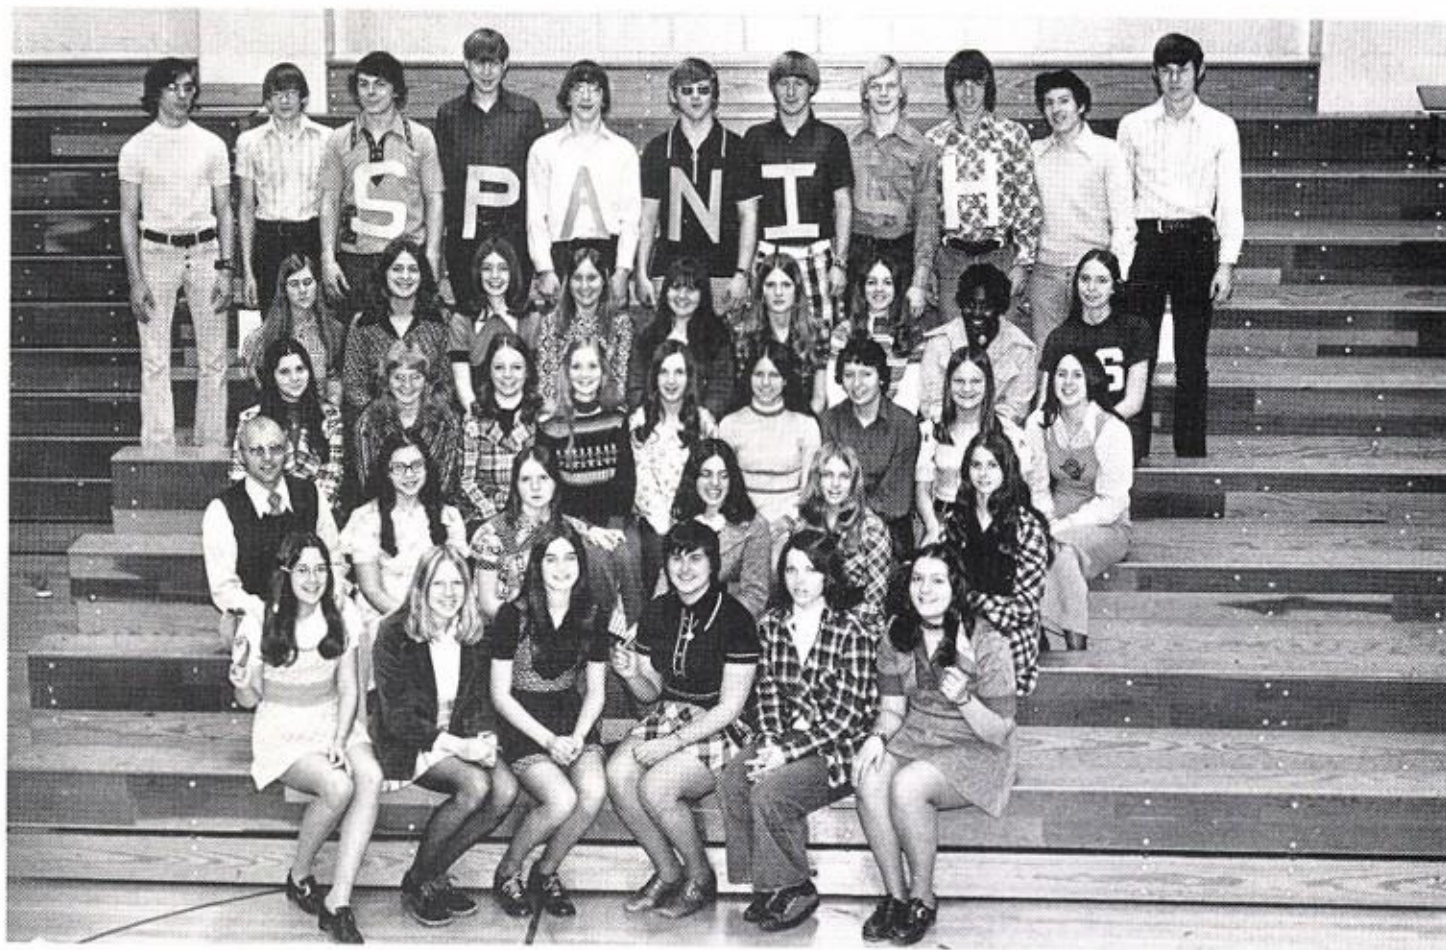

The athletes who are eligible for letters in various sports, become eligible for membership in the Lexington "L" Club. These young men spend a great deal of time and effort in preparing themselves for all sports and their contribution to LHS deserves a great deal of recognition.

The Lexington Girls' Athletic Association promotes physical fitness and activity in our high school. In the fall, the girls traveled to Warrensburg to attend the impressive exhibition of Danish Gymnastics. Then, frequent days were set aside for the members to bowl and to roller skate at Higginsville. Later, volleyball and a special gymnastics night program kept the members busy and interested. A special initiation ceremony and banquet was held at the Knights of Columbus hall to welcome the new members. Girls can letter, receive pins of recognitions, or receive trophies if they gain an exceptional number of points. 1974 was an activity-filled year for our GAA girls.

Back Row: David Rosewell, Neal Shurmantine, Fritz Begemann, Mike Bentz, Roger Luehrman, Greg Lynn, Don McLaughlin, Tom Beard, Garv Glisson, Rick Adams, Randy Jackson.

Interest in languages developed

Interest in Spanish as a foreign language was advanced in the Lexington Spanish Club. Students in this organization participated in many activities which included a bake sale, Christmas caroling in both Spanish and English, a Piñata Party, and selling tacos at a wrestling match. The year's highlight was a field trip to the Spanish section of Kansas City, where the students viewed the architecture of the Plaza area, and had lunch at a Mexican restaurant, Las Chiquitas.

spanish club bake sale was both profitable and fun.

FRENCH CLUB

Front Row; Morgan Slusher, Arden Mason, Linda Nichols, Diane Dunford, Scot Maring. Back Row; Nancy Smith, Jan Nesler, Michelle Oliva, Beth Fenner, Kim Vialle, Mike Miller, Gene Guevel, Cheryl Luce, Cara Hay, Shelli Stigall, Debbie Ritchie, Sharon Russell, Mrs. Hamann.

in spanish club and french club

the french club chose morgan slusher and arden mason their st. catherine's day royalty.

It was a busy year for the French Club. Starting the year with the sale of caramel apples, they progressed to a St. Catherine's Day celebration. Other activities were a visit from a foreign exchange student from France, and the writing and receiving of letters from pen pals in France. One of their most popular activities was their trip to Kansas City. After a morning tour of the French art section of the Nelson Art Gallery, the club moved on to the River Quay area of Kansas City. This old section is being restored and provided a perfect place for a progressive lunch which included French onion soup, omelettes, and a tempting trip to an ice cream parlor.

Martine Chapius, a visiting student from france, admires a cake made for her by gene guevel for her french club reception.

The Lexington Thesbian Club provides a learning experience for its members and entertainment for the school district. Besides their major productions, the club members gave plays to the children in the Elementary schools. The fall production, were "The Perfect Idiot" and was a comedy concerning a young athlete having trouble--big trouble with his grades. The spring play, "All Because of Agatha" was a fantasy-comedy concerning, of all things, a witch. The Thesbians also visited Marshall to view a play, along with many other activities.

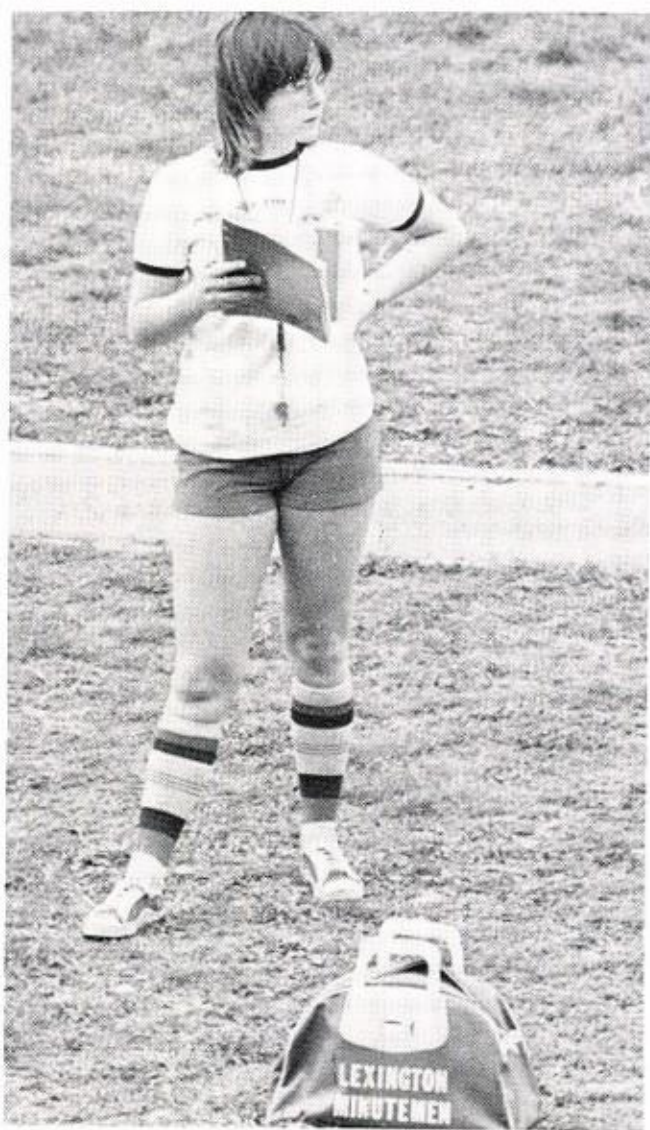

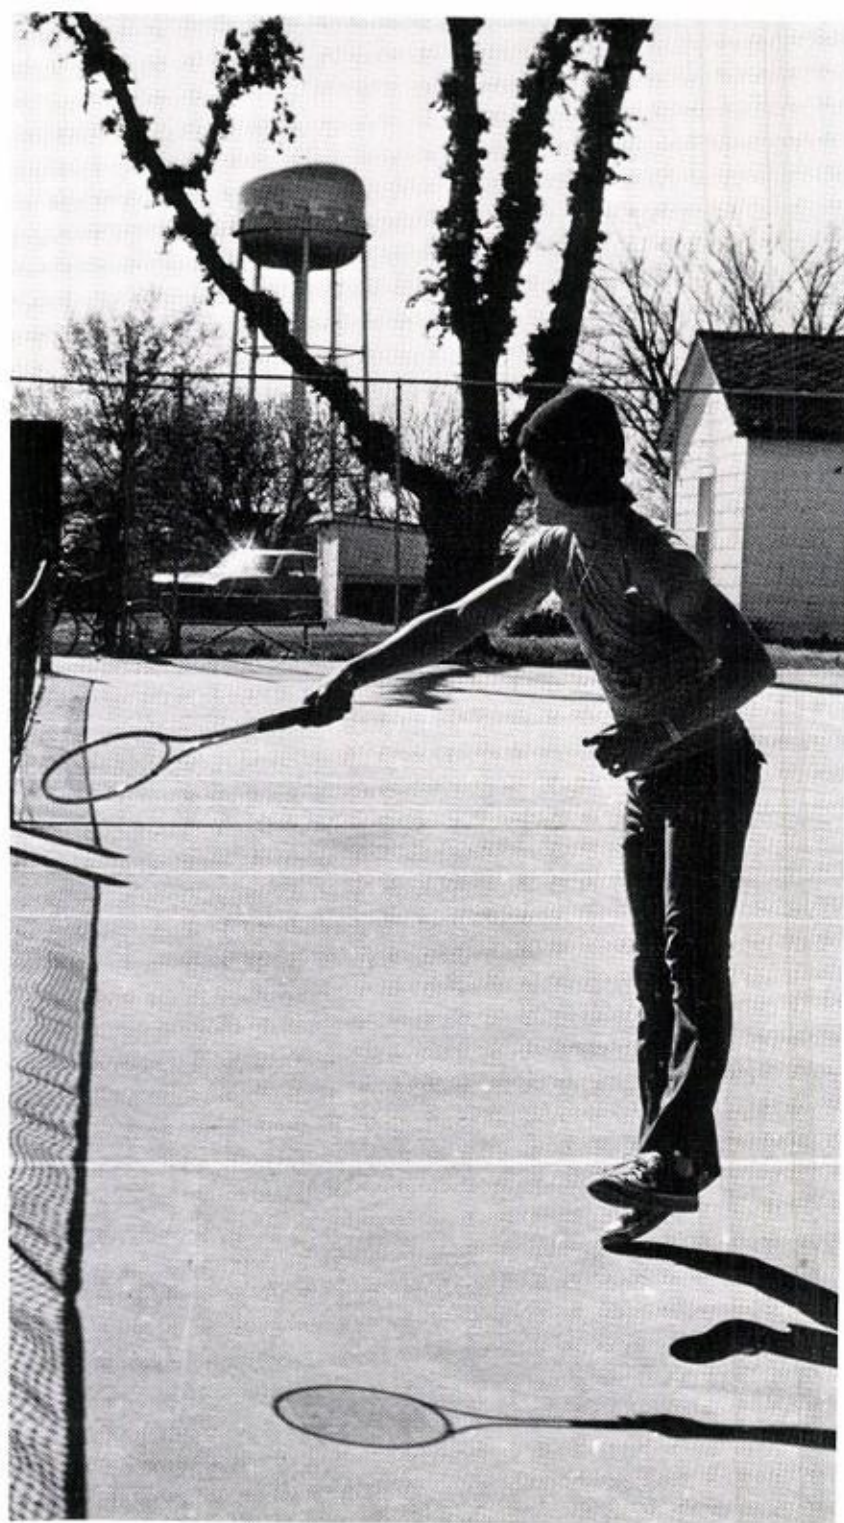

Illusions created by thespian club

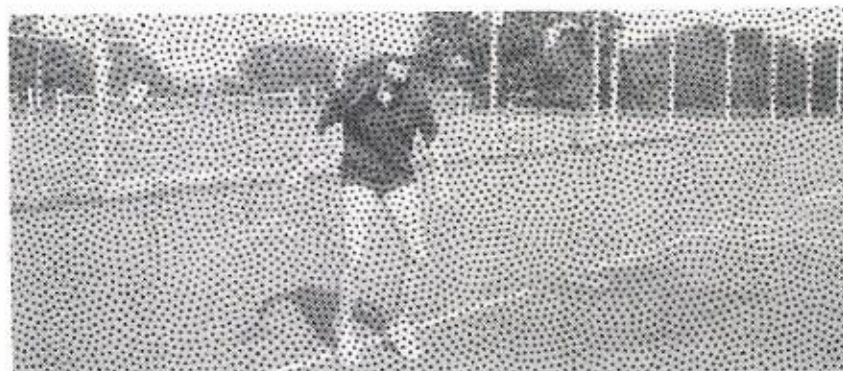

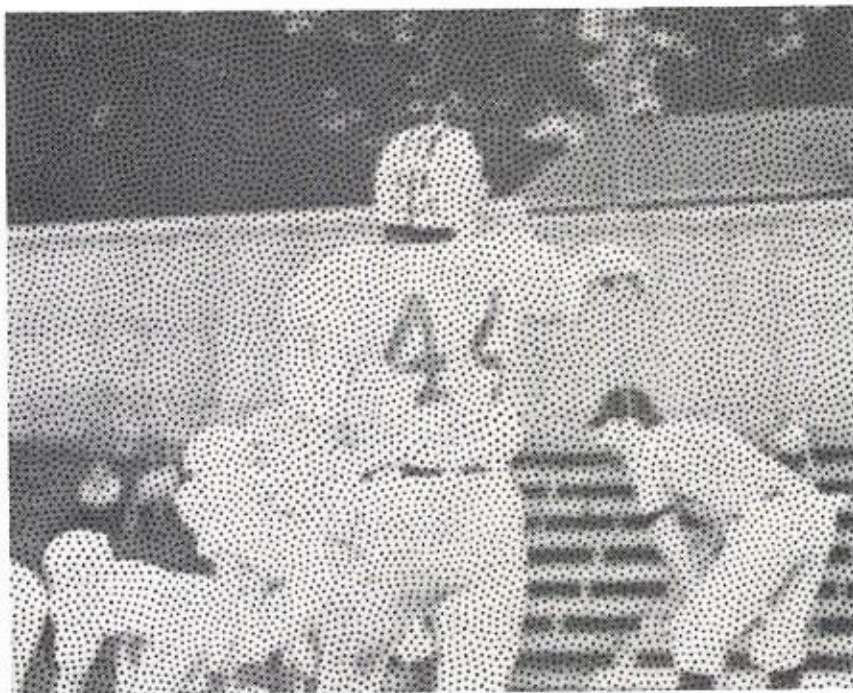

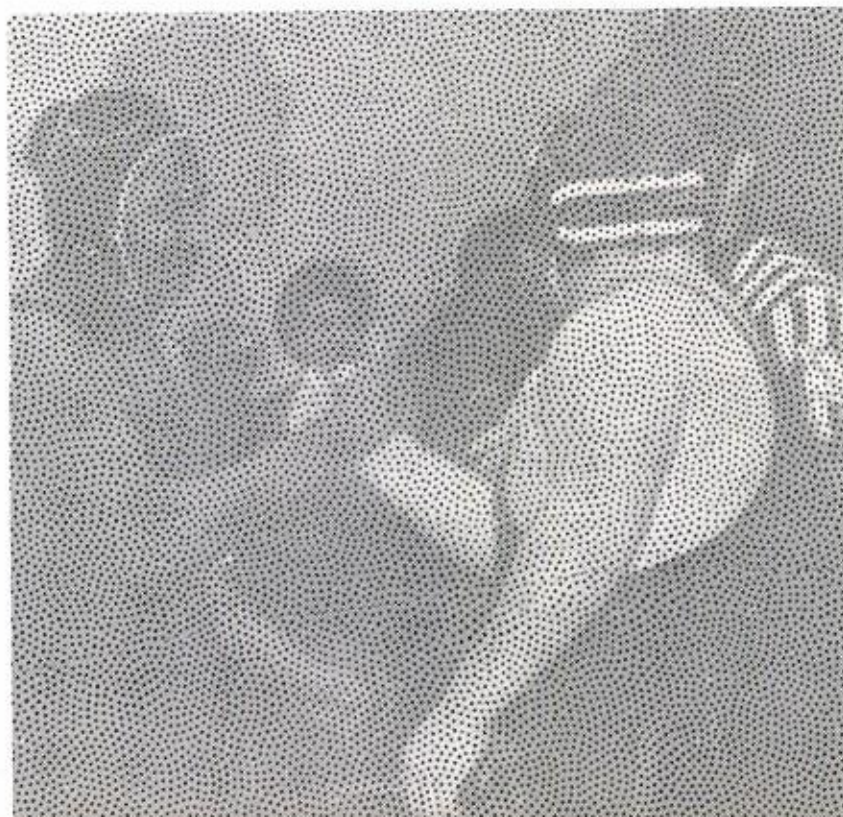

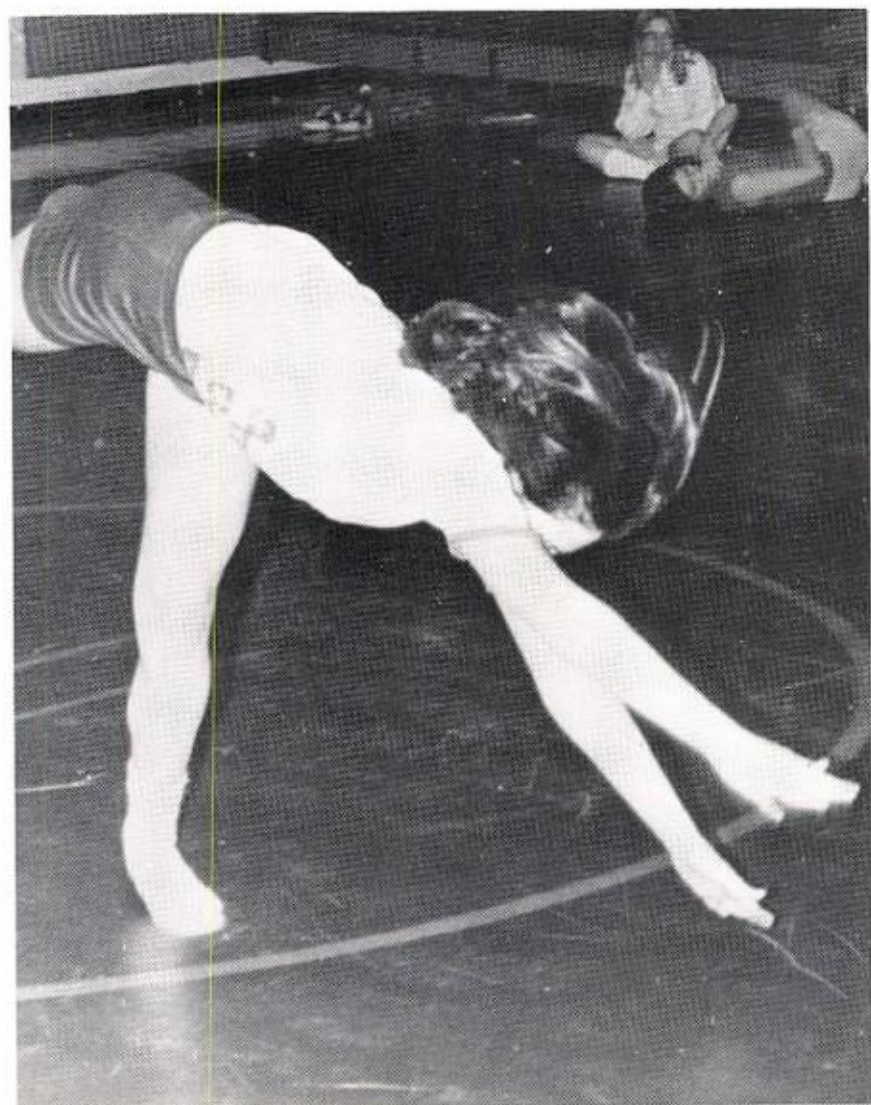

Front Row: Mike Bentz, Tammy Bryant, Linda Nichols, Laurie Heimer, Val Beretta, Debbie Entine, Diane Dunford, Judy Pollard, Carl Kopp. Second Row: Michele Elsea, Jill Logue, Jerry Bell, Miss Corne, Phyllis Booker, Gene Guevel, Harriet Cox, Pam Malloy, Robin Myers, McLaughlin, Jim Minter, David Schuster, Randy Beretta, Duane Twente, Mike Miller, Morgan Slusher, "D" Ivory Hunter, Lesa Montgomery, Letty Ahmann, Dee Fenner.

Season ends with

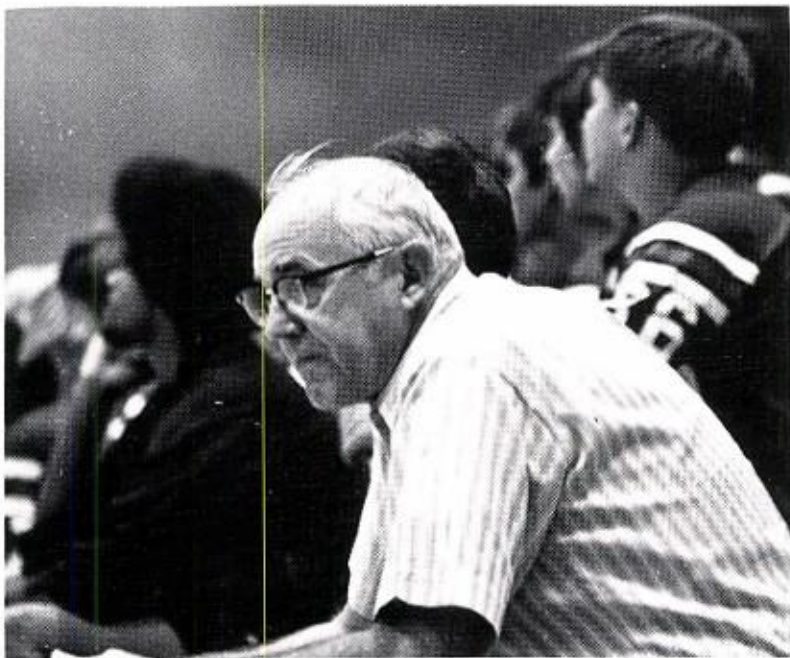

To say that the 1973-74 football season was a good one is an understatement. The Minutemen were tough this year and proved this by capturing the Missouri River Valley Conference championship. Their record of 7-2 stands for itself. The men worked well together and also achieved honors individually. Three of our players were named for the MRVC All-conference team. These men were Craig Ross, James Dunkle and Peter Wilkerson. The fans responded warmly to this great season with exceptional turn-outs for home and away games. LHS recognizes a fine year for the Minutemen and an enjoyable one for us all.

Girls tennis team

the tennis team, including dee
a fine record.

The 1973-74 girls' tennis team wound up their dual season with ten wins, one loss, and one tie. The tennis team, as a whole, took second at the NWMS Tournament. Gayle Frerking placed first in the girls' A-flight singles. Kim Vialle and Gayle Frerking were second place victors in A-flight doubles. Dee Fenner and Robin Barker took first in B-flight doubles. The team took first in the MRVC Tournament at Wentworth Military Academy. Gayle Frerking placed first in B-team singles, Linda Nichols received second in B-team singles, and Robin Barker and Dee Fenner took second place honors in A-team doubles. All in all, the girls' had a very successful season.

steve bryant jumps up and scores two for LHS.

Cagers never

A very exciting season ended in a respectable 16-8 record. This record was spiced with several honors won in tournaments. The Minutemen won first place in the MRVC Tournament, the Lexington Tournament, and the St. Paul's Tournament. Besides excelling as a team, individuals made a number of accomplishments. Junior, Greg Bounds, was named to the first team of the 1974 All-conference team. Danny Jack tied a standing school record by scoring 38 points in one game. Varsity gave us both a good season for the team, and for the fans.

celebration is in the air, as the minutemen win at the mrvc tournament.

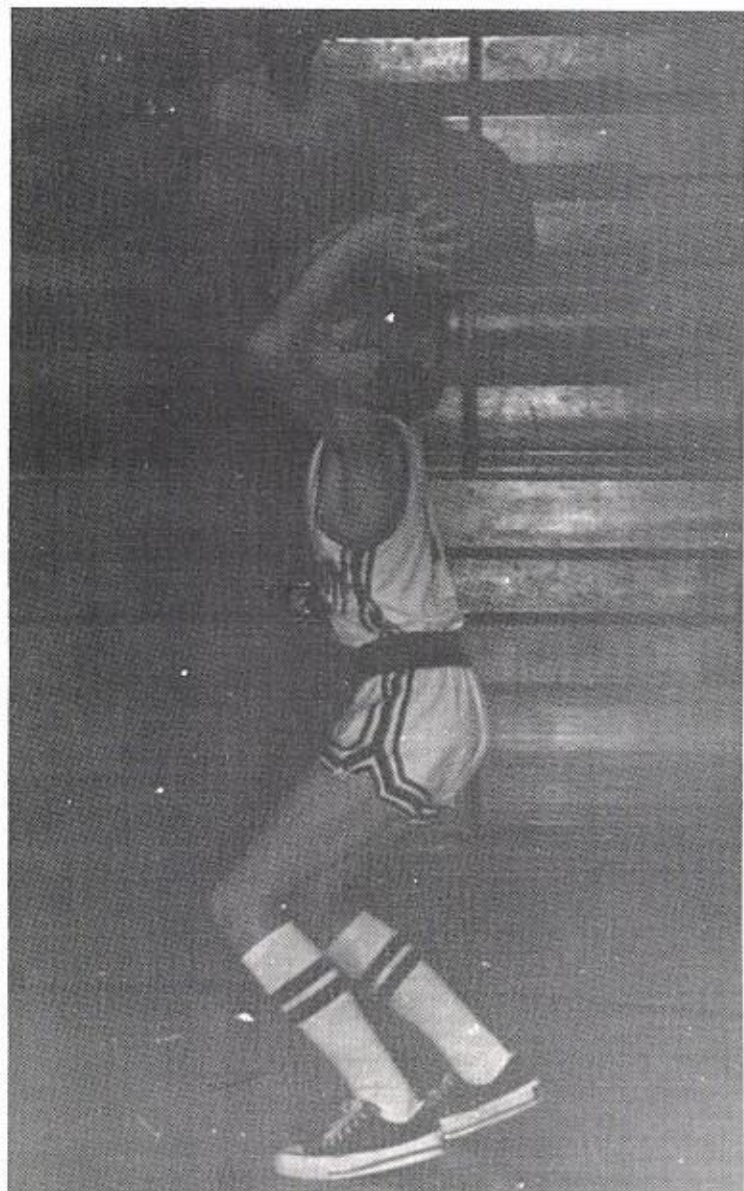

danny jack looks over the situation at one of lexington's away games.

the minutemen can attribute much of their success to their rebounding skill.

On their way

The freshman teams and the B-team made long strides in their growth and improvement. The freshman "A" team ended with an 11-5 record, plus placing third in the Slater Tournament and second in the "E" Club Tournament. The freshman "B" team had a strong 6-2 record.

The B-team had an excellent season, achieving 14 wins with only 3 losses. In addition to this, at the Lexington Sophomore Tournament, they captured the first place trophy. Both of these teams seem sure to give us much talent and an exciting future in basketball.

Freshman Basketball Team

Fourth Row: Coach Hayes, Coach O'Brian, Coach Beck, Ronnie White, Scott Lichte, Kevin Hill.

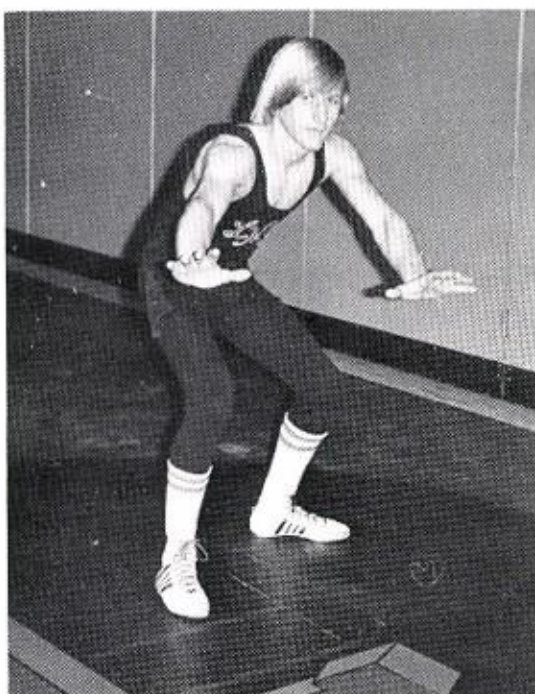

Wrestling is a sport that has caught on full-force here at LHS. Exciting and full of action, are the matches both here and away. Lexington did extremely well this year with a great many victories as a team and as individuals. The minute-men participated in, and took many firsts in tournaments, MRVC, Marshall, Smithville, district and regionals, not to mention others. The highlight of the year, of course, was when senior, Peter Wilkerson, received the honor of being first in state. An exciting year which promises many more to come was 1974 for the LHS wrestlers.

manager, val beretta, goes over track team records with brenda buchana

Girls track

The first year for the L.H.S. girls' track team was an eventful one. The opening meet was a tri-event at Alma and the outcome was a victory for the Lexington girls. Other meets in which our team participated were the Mules Relays in Warrensburg, a dual meet at Knob-noster and the Harrisonville relays, in which Lexington tied for fifth place out of the eleven participating teams. At the Missouri Valley Track and Field Sports Day, Lexington placed sixth out of the ten teams competing. The final meet was against Knob-noster and resulted in an eighth place for Lexington out of the fourteen teams that were involved. Lexington High School and the team's coach, Miss Marquis, wish to congratulate the girls for a fine opening season.

through hard work , gayle frerking perfects hurdling.

Golf Team

Ross Tissieres, Chris Coen, Mark Olds, Keith Ross, Kevin Ross, Brian Fads, Coach Coen.

Boys golf find action on the greens

Golf is a sport which is increasing in popularity at LHS. With Coach Coen as sponsor, these young men have spent many hours practicing and having a lot of fun. Although there were few victories, their enthusiasm and spirit was certainly not stifled. The basic purposes of sports were achieved successfully, and that is that everyone had a wonderful time, and a lot was learned. We wish them the best of luck in their future seasons.

Tennis Team

Don McLaughlin, Greg Lynn, Tom Butherus, Randy Boss, Tim O'Brien, Tony Reinhart, Marvin Davis, Doug Johnson, Coach Gibson.

Boys tennis team shows spirit

With the spring came boys' tennis and a great many victories. These boys played hard to get into shape and then played hard to win many matches. Players, Tom Butherus and Randy Bost stood out as having many wins, an exiting season, full of meets. This team worked extremely well together and as individuals, as well. The only added comment can be that it is hoped that next year's tennis season be even more successful.

lee millentree, in action, runs the 880 relays.

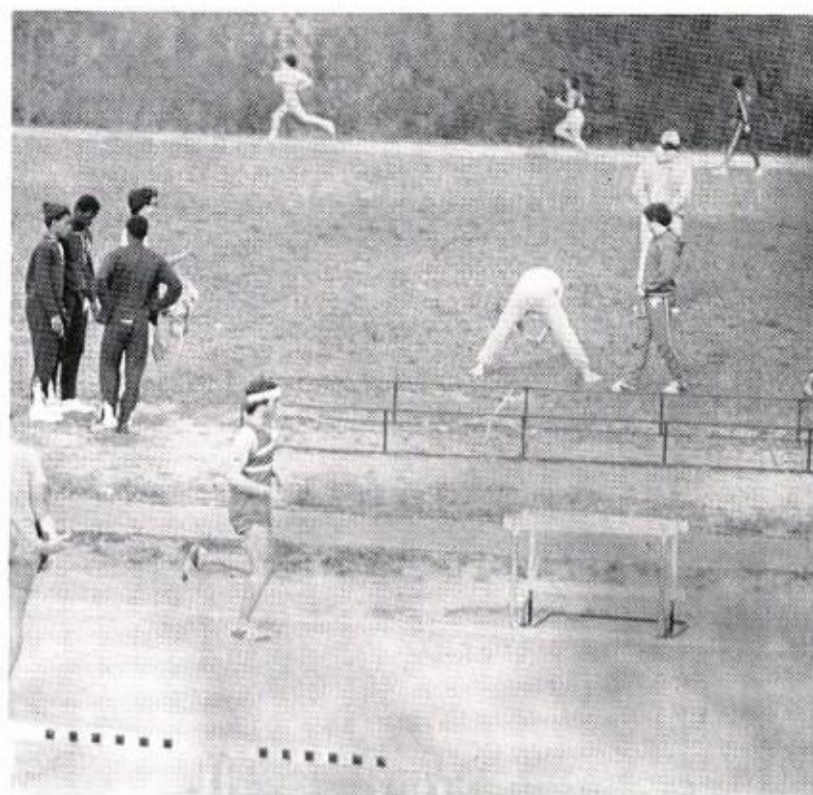

lester stanton is leading the pack as he runs the high hurdles.

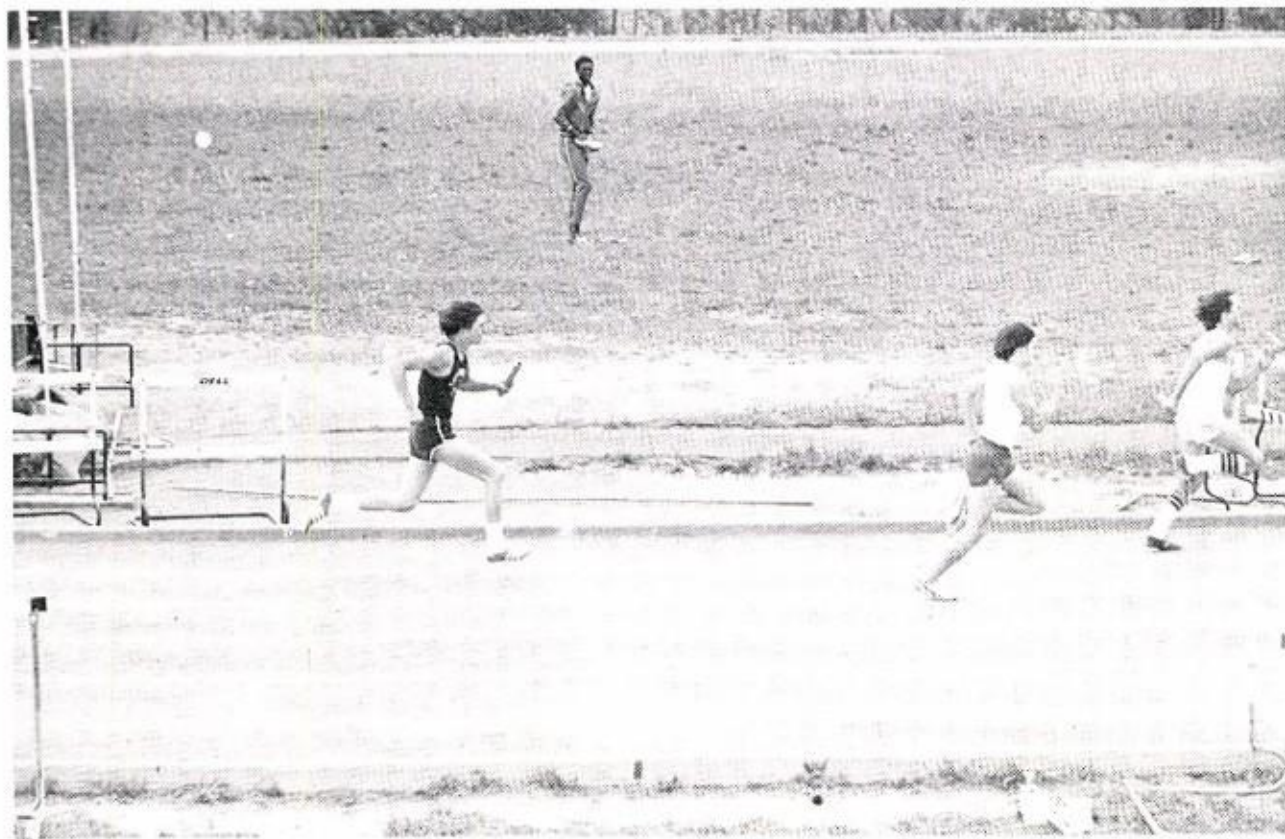

Good season

tony ghiselberti mixes broad jump with his running events for well-rounded track participation.

Glen Tabb

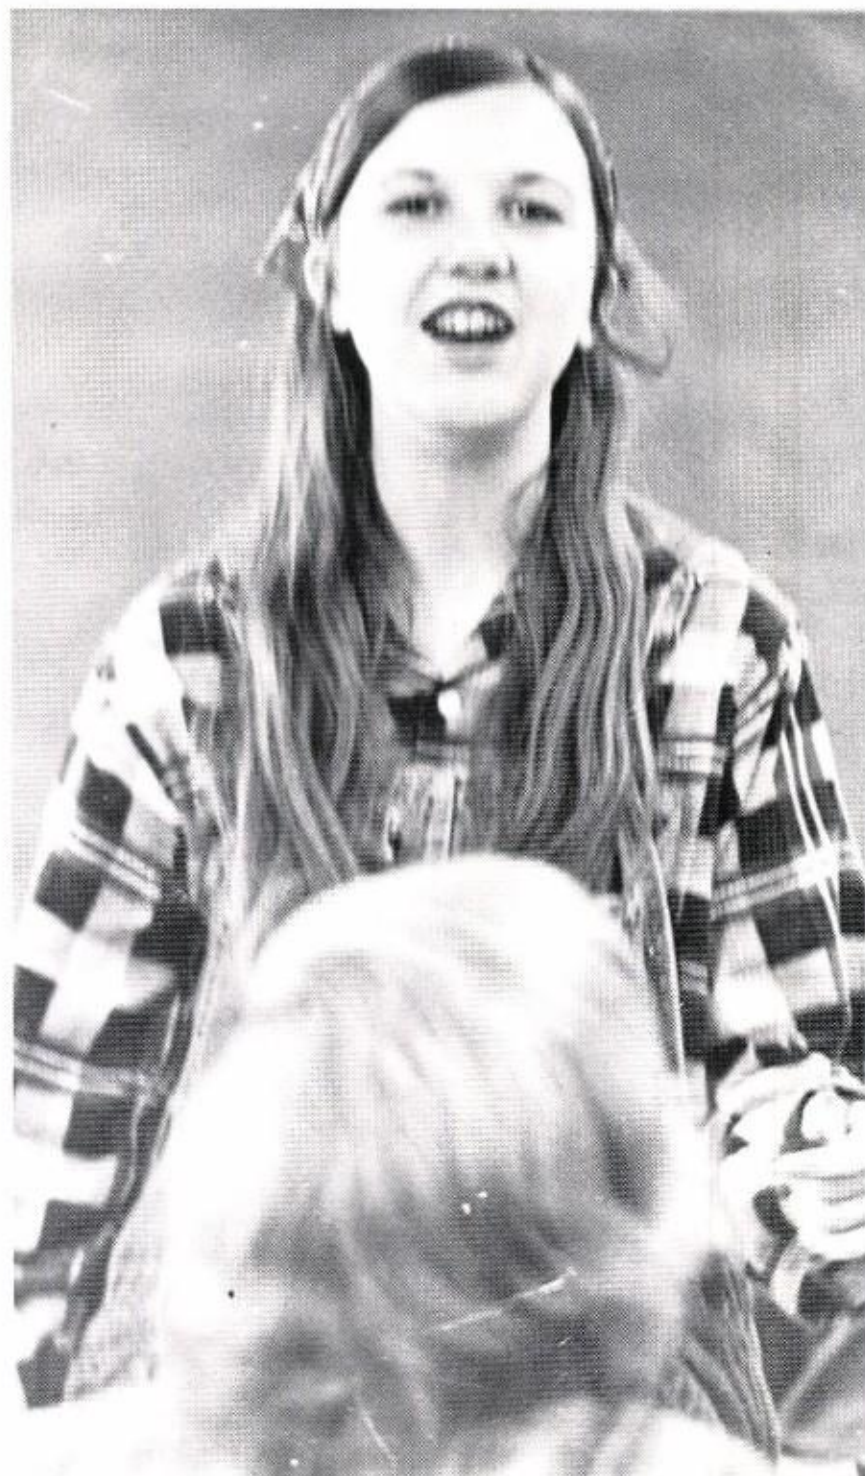

First Row: Perry Hannon, Mike Goosetree, Greg January, Marty Ensor, Lester Stanton, Joey Judd, Tim Coulter, Ronnie Cowick, Troy Johnson, Everett Hannon, George Danner. Second Row: Coach Beck, Terry Lindhorst, Glen Tabb, Doug Clark, Alonzo Hannon, Ray Nance, Gary Glisson, Pete Hoepner, Mike McAllister, Tony Ghisalberti, Allen Schelp, Monte Millentree, Coach Rector. Third Row: Mike Schwermer, Mike Coulter, Lee Millentree, Ruben Johnson, Jeff January, Danny Jack, Pandy Jackson, Steve Johnson, Jeff McAllister, David Wilkerson, Billy Grubb.

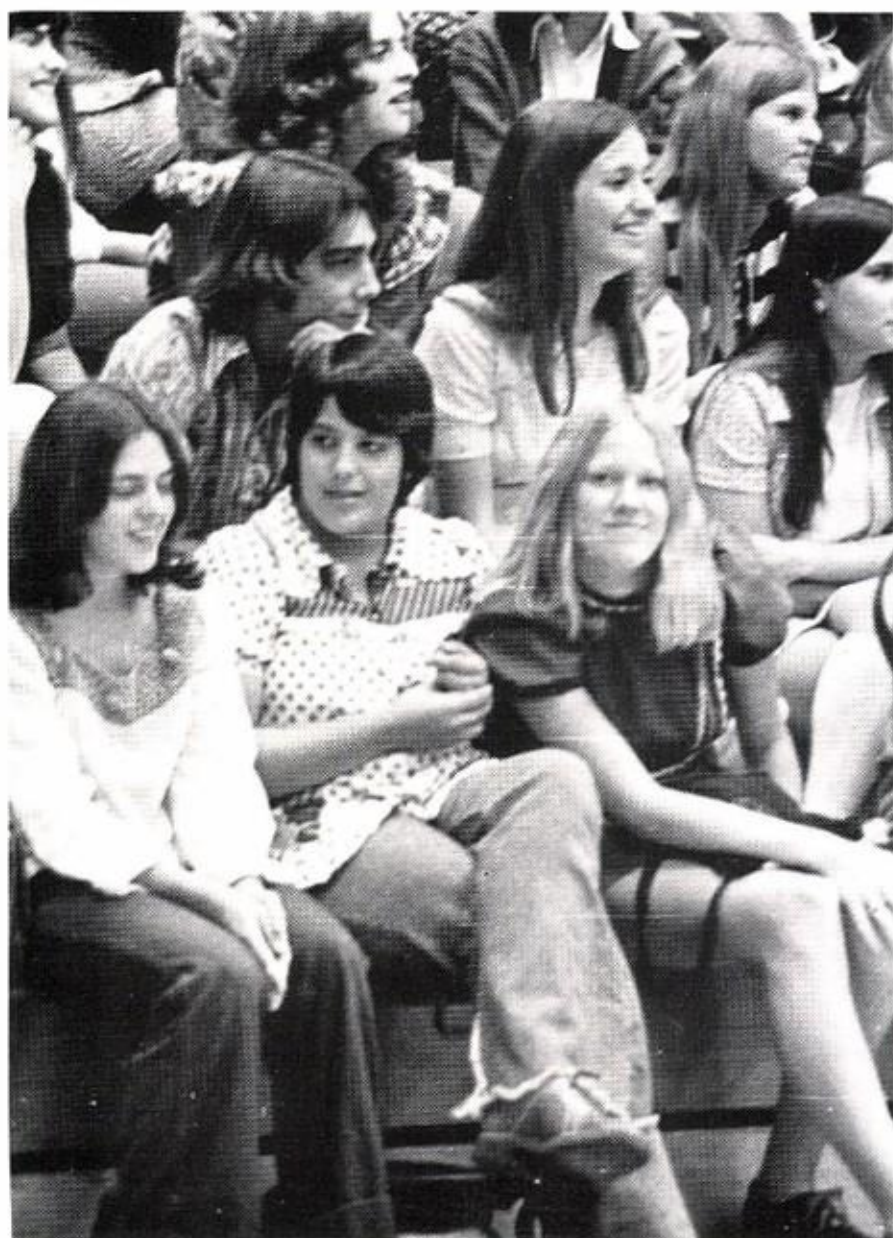

Our track team had another successful year with three school records broken and several of the athletes going on to state competition. The two mile relay team set a new school record and the members of this squad are Jeff McAllister, Glen Tabb, Doug Clark, and Steve Johnson. Danny Jack set a new school shot-put record and Mike Coulter put a new statistic on the books for his 330 intermediate hurdles. Going on to state were, the two mile relay, the 880 relay (Lester Stanton, Lee Millentree, Terry Lindhorst, and Everett Hannon), the mile relay (Jeff January, Greg January, Alonzo Hannon, and Terry Lindhorst), and for their various individual special events were Lester Stanton, Glen Tabb, Greg January, Jeff January, Everett Hannon, Doug Clark, Danny Jack, and Lee Millentree.

after a long winters nap, rip van richie is escorted from his class by mr. viebrock.

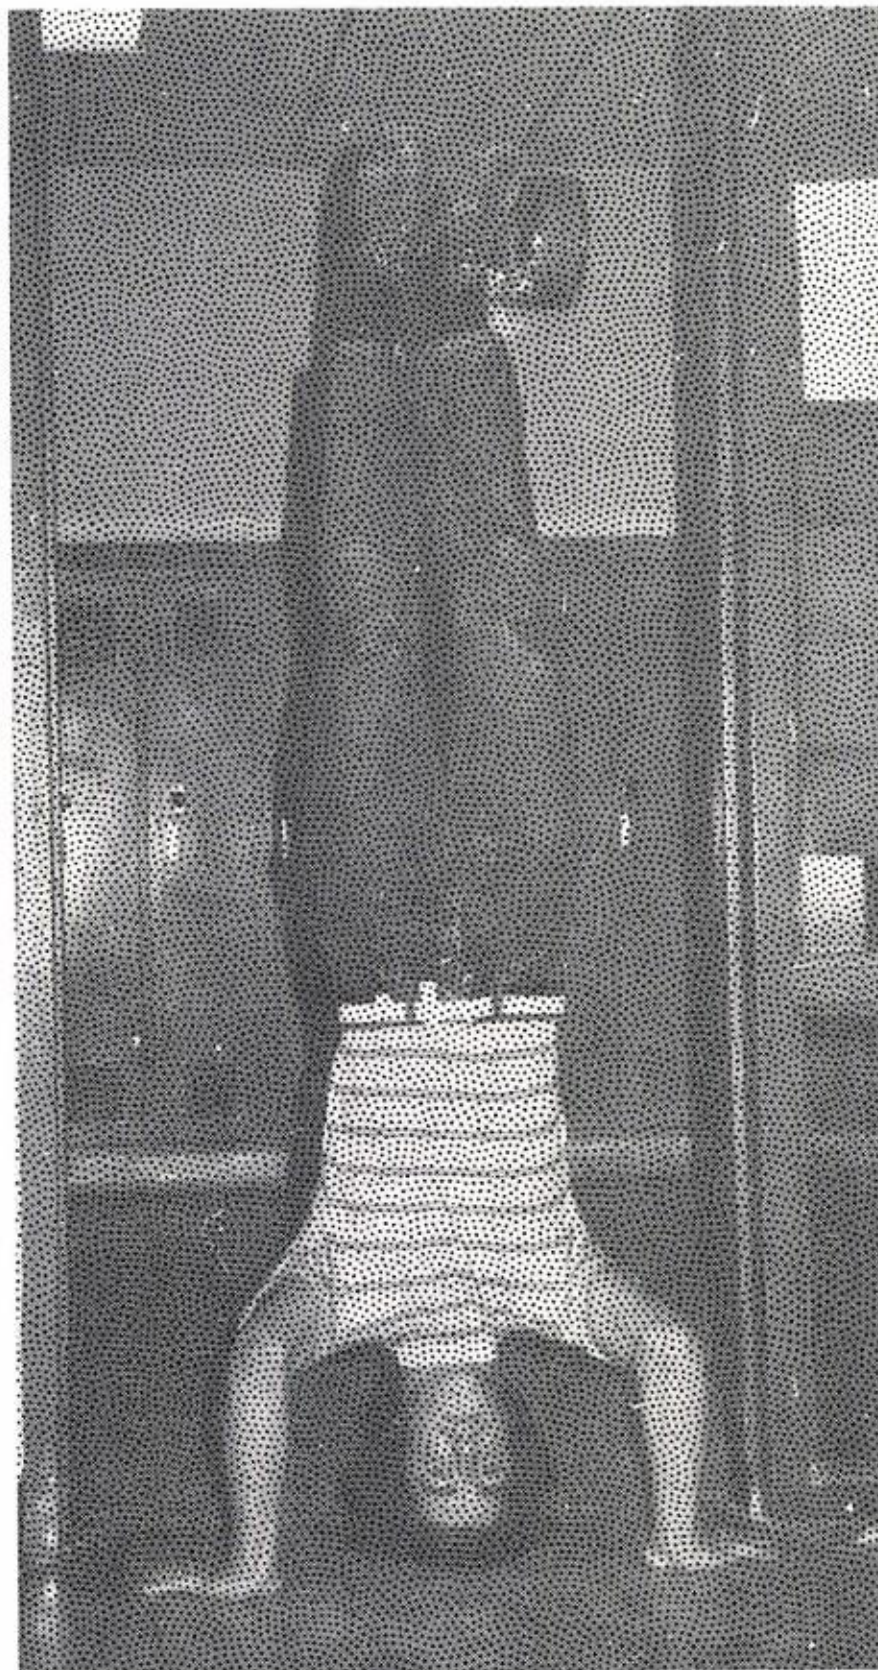

connie martin was an active participant in dress-up day, during homecoming week.

Seasons influence us in many ways. In fact, every class has a season all its own. For the freshmen, it is the spring, full of new beginnings, youth and the mere buddings of growth. This is what the freshmen will know in their first year of high school. The fast growth of summer is the season that applies to the sophomore class, as they are in the midst of their education and gaining quickly and steadily the maturity that they seek. Fall always reminds us of a time of ripening and the near end of a year, which can be applied to the junior class. With two years of high school behind them, they become members of the class of the harvest- the juniors. For the seniors, winter should hold a close comradeship. An end to a year and an end to a way of life for those in the class of 1974. Winter is both bitter and cold, and serene and beautiful, as is the experience of ending a time in ones life that he will always look back to fondly. For each class, there is a season and all seasons have wonders all their own.

judy pollard had lots of lines to learn for her part in the school play, All Because of Agatha.

mrs. entine's orchestra provided entertainment at commencement and baccalaureate ceremonies along with the choir.

As the 1973-74 school year ceases, Baccalaureate and Commencement begins. Coach Hayes directs the seniors to their places and progress begins. After a congenial practice, the seniors are ready to take the long-anticipated walk down the aisle of LHS.

coach hayes directs senior, loretta eastridge, to her seat.

seniors listen intently as mr. viebrock gives instructions for the ceremonies to come.

Presenting the class of 1974,

The One Hundred-Second Annual

when the classes were over, the games were over,
and the graduation was over, this was the same.
the halls of lexington remained when all else was gone.
untouched by the seasons, but serving all of them,
these are the things that we will remember best.

Jay,
 So a good
 buddy. Good luck
 in everything you
 do. I wish you much
 happiness always!

Friends always,
 Kathy

FALL

I wish you
 home sweet home
 to be a little bit
 David. I hope you get
 a little bit of
 love from me
 I love you
 forever
 Love
 Kathy

WINTER
